brill s companion to the reception of classics in international modernism and the
avant garde examines how the writers and artists who lived from roughly the last
quarter of the nineteenth century to the middle of the twentieth sought to build a
new world from the ashes of one marked by two world wars global economic
depression the rise of nationalism and the collapse of empires by surveying the
modernist appropriation of ancient greece and rome the fourteen chapters in
this volume demonstrate how the classics as foundational texts of the old order
were nevertheless adapted to suit the stylistic innovation and formal
experimentation that characterized modernist and avant garde literature and
art
