many of the chapters in the present volume were first presented at the 2008 bsa annual conference of social worlds natural worlds held at the university of warwick acknowledgements

exploring the current commercialization and innovation policies in higher education this book examines the the way in which higher education is being transformed to accommodate business methods

a fortnightly bulletin on financial and political trends

the first text to comprehensively address both the gynecologic and obstetrical care of the obese patient obesity for the obgyn is the first reference that provides clinicians with the tools needed to manage care and minimize risk complications for their obese patients clinically focused and evidence based this groundbreaking text devotes equal amount of coverage to obstetric and gynecologic care the book concludes with a valuable section devoted to related conditions sleep apnea heart disease osteoarthritis etc that would further impact patient care both the obstetric and gynecologic sections include care checklists management algorithms key points and other tools for a more practical reference this is the first major text to address this continually growing epidemic convenient templated chapter presentation

the services sector now accounts for over 70 of employment and value added in oecd economies it also accounts for almost all employment growth in the oecd area but despite its growing weight in oecd economies productivity growth and

employment rates in services remain low in many oecd countries to improve the basis for future economic growth and to address the rapid globalisation of oecd economies the services sector will need to do better than is currently the case but how can services performance be improved and which factors and policies are the most important this report provides an overview of the role of services in economic performance and the factors that affect services sector performance this includes the role of labour and product markets the impact of barriers to trade in services the role of innovation in services and the impacts of information and communications technology ict on the services sector the report also includes a paper presenting case studies of successful services firms which help illustrate the broader analysis from oecd data the report shows that services are indeed of growing importance to oecd economies but that not all oecd economies have sufficiently adjusted their policies to seize greater benefits from the potential for growth and innovation in the services sector adjusting these policies will help in preparing oecd economies for a future characterised by an increasingly internationalised and competitive services sector
