the underpinning theme of this book is how children develop as writers and how self awareness
raises achievement it offers creative approaches to increasing pupil motivation and
performance by involving amongst other things drama and ICT the contributors offer practical
advice on ways to meet the needs of boys able children SEN pupils and those learning English as
an additional language how to plan effective lessons how to be flexible within the framework of
the NLS and the role of assessment and how it contributes to self understanding central to all
classroom practitioners and students this innovative book improves general understanding of
the process related to composition and transcription and helps to raise the standards of writing
in all classrooms

a collection of articles representing progress in the major areas of fundamental and applied
handwriting research areas covered are behavioural and cognitive science development
education and neuroscience computer analysis and recognition and forensic document
examination

a wealth of ideas and opinions providing usable ways forward for colleagues in mainstream to
best support their pupils with DCD I can wholeheartedly recommend it AFSIC News this book has
pulled together the expertise of a number of well known professionals we like the way Nichola
Jones sets the scene and outlines the child's main difficulties in the education environment this
is a very practical book offering plenty of ideas in an area where teachers often have less
confidence to put a programme in place SATIPS this is an accessible overview of issues pertaining
to the inclusion of children and young people with dyspraxia developmental coordination
disorder DCD Nichola Jones has drawn together contributions from a wider range of experts in
the dyspraxia field and produced a coherent account of how the needs of children can be met in
ways that move beyond a focus solely based on individual interventions SENCOT update this is
both an interesting and very useful book for any primary practitioner it also provides enough
references and ideas to encourage professionals to investigate and learn more about dyspraxia
developmental coordination disorder this is a book that will fit perfectly on your bookshelf
special needs coordinators file Nichola Jones shows how to plan a whole school approach to

including children with dyspraxia and developmental coordination disorder in this short and accessible guide it offers those in managerial and supervisory roles within schools and special education support services clear guidance on successful models of provision that have worked successfully in schools and less by focusing on the key aspects of service delivery and drawing on well known specialists within the field the book includes sections on planning strategically for inclusive practice assessment handwriting gross motor programmes adapting the curriculum supporting parents working with other agencies listening to the children involved SENCOs class teachers LEA advisers and support agencies will find it an invaluable guide to successful inclusive practice

the process approach is a method of teaching writing in the primary school in the UK it has become important through the national writing project primary writing is the first book length examination of the method as applied to the UK

the papers in this volume deal specifically with the problem of handwriting recognition and the new frontiers of research in the scientific community including the significance of linguistic and contextual information in handwriting recognition and for adaptive preprocessing and postprocessing also addressed are problems related to human and computer behaviour in recognition the aim of this book is not only to point out the state of the art and the frontiers in the field of handwriting recognition but also to stimulate research and ideas in the fields of design and implementation of on line and off line systems that recognize isolated and connected handwritten characters words and signatures
