the challenge with most companies talent intelligence is that it is just not that intelligent
having good talent intelligence an accurate understanding of the skills expertise and
qualities of people is essential for the people decisions that all businesses make yet
despite its vital importance most organizations appear to be failing at this critical task the

reason lies in talent measurement how companies produce their talent intelligence and then use it written by nik kinley and shlomo ben hur two experts in the field this book draws on the latest research to show how businesses can transform the value and impact of their talent intelligence to make sure they get the right people in the right roles when that happens all their talent management and development activities are built on an accurate understanding of the talent available to them filled with illustrative examples the book shows how to overcome the stumbling blocks that stand in the way of successful talent intelligence and reveals step by step what organizations need to measure how they can best do so and how they can successfully implement measurement and use the results as the authors explain knowing what methods and tools to use is just part of the challenge the bigger issue for many firms is ensuring they know how to use them and make the best use of the intelligence they provide

using fitz enz s proprietary analytic model you will be equipped to measure and evaluate past and current returns and apply the information to make predictions about the future value of human capital investments in his landmark book the roi of human capital jac fitz enz presented a system of powerful metrics for quantifying the contributions of individual employees to a company s bottom line now in the new hr analytics he reveals how human resources professionals can apply this expense based knowledge to make the most strategic staffing decisions for their companies you ll learn how to evaluate and prioritize the skills needed to sustain performance build an agile workforce through flexible capability planning determine how the organization can stimulate and reward behaviors that matter apply a proven succession planning strategy that leverages employee engagement and drives top line revenue growth and recognize risks and formulate responses that avoid surprises brimming with real world examples and input from thirty top hr practitioners and thought leaders as well as exclusive analytical tools the new hr analytics ushers in a new era in human resources and human capital management

this book provides powerful logic and proven financial techniques for looking inside and analysing the hr black box this includes tracking the effectiveness of talent policies and practices demonstrating the logical connections to financial and line of business and using hr metrics to drive more effective decision making
