human behavior is an interesting phenomenon which can take unexpected turns join paul marin in discovering one of the biggest human behavior experiments of the 21st century

douglas campbell gives a clear account of why much current description of paul s theology and of his gospel and of his theory of salvation is so confused after outlining the difficulties underlying much of the current debate he lays out some basic options that will greatly clarify the debate he then engages with these options and shows how one offers far more promise than the others sketching out some of its initial applications campbell then shows in more detail how another option the main alternative and the main culprit in terms of many of our difficulties can be circumvented textually in a responsible fashion that is we see how we could remove this option from paul s text exegetically and so reach greater clarity finally he concludes with a road map of where future more detailed research into paul needs to go if the foregoing strategy is to be carried out thoroughly campbell believes that by utilising this strategy paul s gospel will be shown to be both cogent and constructive this is volume 274 in the journal for the study of the new testament supplement series

are paul s letters undergirded and informed by key narratives and does a heightened awareness of those narratives help us to gain a richer and more rounded understanding of paul s theology the last two decades of the twentieth century witnessed an increasing interest in the narrative features of paul s thought a variety of studies since that period have advanced story as an integral and generative ingredient in paul s theological formulations in this book a team of leading pauline scholars assesses the strengths and weaknesses of a narrative approach looking in detail at its application to particular pauline texts

a katherine grieb insightfully traces the argument of paul s letter to the romans and shows how it is grounded in the story of god s faithfulness to israel she draws together a number of crucial insights the narrative character of paul s thought the apocalyptic message of his gospel the depth of his engagement with israel s scripture and the practical and political impact of his theology she demonstrates the letter s relevance today and invites contemporary readers to locate their own stories within paul s account of god s righteousness informed by recent pauline scholarship this book will be useful to scholars students and pastors

this is an assessment of the social dimension to reconciliation as displayed in paul s letter to the romans traditional exegetical scholarship has treated paul s presentation of reconciliation as referring to reconciliation between people and god and has primarily focused use of the word katallage traditionally translated as atonement constantineanu challenges this view and argues that paul s understanding of the concept is more complex employing rich symbolism to describe reconciliation with god and between human beings forming together an inseparable reality the discussion is placed within paul s overall religious social and political contexts showing that an analysis of the social dimension of reconciliation in his thought is both plausible and necessary constantineanu offers an analysis of two major sections of romans chapters 5 8 and 12

15 special emphasis is placed on paul s use of the story of jesus for community formation for the shaping of identity values and community practices it is thus demonstrated that for paul god s reconciling initiative shown in the crucifixion is not only the pronouncement of god s reconciling the world but also the ground and model for reconciliation among human beings it was formerly the journal for the study of the new testament supplement a book series that explores the many aspects of new testament study including historical perspectives social scientific and literary theory and theological cultural and contextual approaches

a collection of ultra short stories and illustrations from my nine year old mind

the son of former slaves paul laurence dunbar was one of the most prominent and publicly recognized figures in american literature at the turn of the twentieth century thirty three years old at the time of his death in 1906 he had published four novels four collections of short stories and fourteen books of poetry not to mention numerous songs plays and essays in newspapers and magazines around the world in the century following his death dunbar slipped into relative obscurity remembered mainly for his dialect poetry or as a footnote to other more canonical figures from the period the complete stories of paul laurence dunbar showcases his gifts as a writer of short fiction and provides key insights into the tensions and themes of dunbar s literary achievement through examining the 104 stories written by dunbar between 1890 and 1905 readers will be able to better understand dunbar s specific attempts to maintain his artistic integrity while struggling with america s racist stereotypes his work interrogated the color line that informed american life and dictated his role as an artist in american letters editors gene jarrett and thomas morgan identify major themes and implications in dunbar s work available in one convenient comprehensive and definitive volume for the first time the complete stories of paul laurence dunbar illustrates the complexity of his literary life and legacy about the editors gene jarrett is an assistant professor of english at the university of maryland college park he is co editor with henry louis gates jr of a forthcoming anthology new negro criticism essays on race representation and african american culture thomas morgan is a lecturer at the university of tennessee knoxville his research and teaching interests focus on critical race theory in late nineteenth century american and african american literature specifically as it applies to the politics of narrative form
