apr 9 2014   session regenerate id removes the old session id and creates a new one to avoid hijacking the session with xss for example it doesn t have any affect on the visibility of session

sep 27 2010   i am just beginning to start learning web application development using python i am coming across the terms cookies and sessions i understand cookies in that they store some info in

mar 7 2012   i realize session and rest don t exactly go hand in hand but is it not possible to access session state using the new api httpcontext current session is always null

another possibility for this warning and most likely problems with app behavior is that the original author of the app relied on session auto start being on defaults to off if you don t want to mess with

nov 16 2009   51 as you mentioned common ways to implement http session tracking include url rewriting and cookies session tracking basically requires that a session id is maintained across
