in scandinavia there is separation in the electorate between those who embrace diversity and those who wish for tighter bonds between people and nation this book focuses on three nationalist populist parties in scandinavia the sweden democrats the progress party in norway and the danish people s party in order to affect domestic politics by addressing this conflict of diversity versus homogeneity these parties must enter the national parliament while earning the nation s trust of the three the sweden democrats have yet to earn the trust of the mainstream leading to polarized and emotionally driven public debate that raises the question of national identity and what is understood as the common man

based on never previously explored personal accounts and archival documentation this book examines life and death in the theresienstadt ghetto seen through the eyes of the jewish victims from denmark how was it in theresienstadt thus asked johan grün rhetorically when he in july 1945 published a short text about his experiences the successful flight of the majority of danish jewry in october 1943 is a well known episode of the holocaust but the experience of the 470 men women and children that were deported to the ghetto has seldom been the object of scholarly interest providing an overview of the judenaktion in denmark and the subsequent deportations the book sheds light on the fate of those who were arrested through a micro historical analysis of everyday life it describes various aspects of social and daily life in proximity to death in doing so the volume illuminates the diversity of individual situations and conveys the deportees perceptions and striving for survival and normality offering a multi perspective and international approach that places the case of denmark into the broader jewish experience during the holocaust this book is invaluable for researchers of jewish studies holocaust and genocide studies and the history of modern denmark
