this three volume reference work tracks the history of the caliphate as what many muslims believe to be a genuine and authentic islamic political institution from its emergence in seventh century arabia until highly contested and controversial attempts of its revival at the beginning of the

twenty first century by radical islamists in afghanistan and iraq no matter how randiose such interpretations of a seemingly archaic institution may be they show the caliphate s longevity as a rallying point real or symbolic for muslims across the world page 4 of cover each volume

a major argument of this book is that nonverbal meaning plays a fundamental role in the functioning of human societies thus rejecting the predominance of textual meaning and ethnocentric eurocentric models currently employed in the interpretation of past behaviour and architecture by using the unique evidence from mesopotamian domestic space where both house layouts and family archives were recovered as well as ethnographies from modern near eastern societies paolo brusasco investigates how verbal and nonverbal meaning interrelate in the archaeological past in line with peirce wittgenstein and derrida as well as recent research in corporeal semantics and social psychology the book claims that nonverbal spatial signs have a profound bearing on ancient textual meanings moreover through the evidence of house clay models house projects actual houses and archives the author shows how different semiotic systems may produce alternative perspectives of the world while the linguistic elaborative power of processing nonverbal signs is also explored this book contributes to understanding how we should critically use social techniques and ethnographic analogy to interpret the archaeological past and it will be a vital resource for all those interested in the interaction between language and the material world

the vernacular architecture of the minangkabau in sumatra constitutes one of the most popular and well known building traditions in contemporary indonesia yet despite its fame minangkabau architecture has received remarkably little scholarly attention what is known about the building tradition does not go beyond the romanticized popular image of high rising roof spires floor elevations and colourful woodcarving promoted by the government the tourist industry and the media this image leaves too many questions about the meaning of minangkabau architecture unanswered constituting unity and difference refines supplements and revises the popular image focusing on the construction design and spatial use of vernacular houses in one region of west sumatra and taking into account historical developments and geographical variation the author explores how vernacular minangkabau houses are instrumental in the constitution perpetuation and manipulation of socio political relationships and identities he concludes that the current popular image of minangkabau architecture is seriously in need of revision anthropologists architects and those interested in indonesian cultural history or vernacular architecture studies will value this in depth analysis of one of the country s most striking and popular building traditions book jacket title summary field provided by blackwell north america inc all rights reserved
