depending on whom one talks to today s criminal courts are either the savior or the demon of our social order while everyone seems to have an answer about what needs to be done the solutions are neither simple nor within our current allocation of resources media hype and political posturing emotionally dilute the reality of what motivates crime and what constitutes effective punishment the essays and research in this anthology give the reader a realistic view of complex problems affecting our juvenile and adult courts and consequently the rest of the criminal justice system topics include sentencing disparity sentencing reform and wrongful convictions some traditionally controversial issues are covered such as the insanity defense and the death penalty as well as the more recent three strikes and you re out movement and mandatory minimums this series will be of great utility to students scholars and others with interests in the literature of criminal justice and criminology

persons living with disabilities plwds are imbued with inalienable human rights and have talents and potential that would aid in the nigerian government s unceasing pursuit of economic development however under nigeria s fourth republic since 1999 implementation of disability laws has been lethargic in improving disability laws under nigeria s fourth republic ten measured steps into the future philip c

aka and joseph abiiodun balogun explore measures for improving the capacity of the nigerian national government to implement regional and global treaties related to disability that are human rights centric they emphasize the need for a human rights focus and for the nigerian government to implement laws that support the potential of plwds including their contributions to socioeconomic development

objective structured clinical examinations osces or other standardized patient participant sp exercises are an important methodology for teaching and assessment in health professions education across disciplines and the continuum of training the first edition of objective structured clinical examinations offered a systematic approach for educators to get involved in the process of creating osces and similar sp exercises the second edition uses the same successful format to make the osce process easy and reproducible and adds novel material and innovative best practices for osces in every context the first edition of this book was based on the editors 20 years of experience producing osces without a clinical skills center in empty classrooms or walk in clinics on weekends working with well trained sps and using carefully designed clinical scenarios in the 10 years since they have engaged in multidisciplinary and inter professional collaborations and expanded their approach to designing and implementing successful performance based assessment both inside and outside of high tech simulation centers the original chapters 1 introduction 2 10 step approach 3 remediation and 4 unannounced standardized patients have been updated and charts tables and best practices throughout these chapters are elaborated and expanded on this second edition also features an updated foreword by ronald harden and preface by mack lipkin adina kalet and sandy zabar along with eight new chapters in collaboration with other educators and researchers covering topics such as analyzing osce notes for clinical reasoning osce data reporting and visualization scholarship and a research registry examples of performance based assessment in practice virtual osces and telemedicine skills osces for transitions osces for teaching and sp programs this expanded edition will be useful to both novice and advanced educators and offers an important contribution to the health professions education literature

includes the association s conference proceedings and addresses
