the sacred project of american sociology shows counter intuitively that the secular enterprise that everyday sociology appears to be pursuing is actually not what is really going on at sociology s deepest level sociology today is in fact animated by sacred impulses driven by sacred commitments and serves a sacred project this book re asserts a vision for what sociology is most important for in contrast with its current commitments and calls sociologists back to a more honest fair and healthy vision of its purpose

govier offers a general account of trust in a variety of social contexts and explores the negative effects of distrust on society for example she examines the role of trust in relationships between

doctors and patients and between politicians and constituents with well chosen examples ranging from the Oka Crisis to Meech Lake. Govier points out that distrust in politics has been especially prevalent and while it may be well founded can have pernicious effects. Social trust and human communities will be of great interest to students and scholars in the areas of applied ethics, social theory and politics.

Expectations is a collection of popular readings for those interested in developmental writing with questions, discussion topics and assignments to develop writing, reading and critical thinking skills. Multicultural in scope and thematically organized, this book features a wide variety of readings on topics of current interest and value with pre-reading questions and strategies for active reading. Expectations presents selections from magazine, newspapers, textbooks and other contemporary books. Additional features include a vocabulary list for preview and reference and a selection of topics for discussion or journal writing for those seeking a reader to enhance their developmental writing skills.

This is a book about life modeling. Unlike the painter whose name appears beside his finished portrait, the life model posing nude perhaps for months goes unacknowledged, standing at a unique juncture between nude and naked, between high and low culture, between art and pornography. The life model is admired in a finished sculpture but scorned for her or his posing, making use of extensive interviews with both male and female models and quoting them frequently, Sarah R. Phillips gives a voice to life models. She explores the meaning that life models give to themselves and to their work and seeks to understand the lived experience of life models as they practice their profession throughout history. People have romanticized life models in an aura of bohemian eroticism or condemned them as strippers or sex workers. Modeling life reveals how life models get into the business, managing sexuality in the studio, what it means to be a muse and why their work is important.

This is the first comprehensive guide to teaching in the social sciences ever published. Two complete works in one, it provides a survey of the larger institutional context and alternative perspectives on current debates in higher education as well as a comprehensive and practical guide to teaching. Contains original essays by leading teachers and scholars including Craig Calhoun, Teresa Sullivan, Dean Dorn, Paul Baker, Charles Tilly, Howard Aldrich, Daniel Chambliss, and Mary Romero. The accompanying fieldguide for teaching includes an additional 80 articles, excerpts, teaching tips, exercises, checklists and overheads covering a complete spectrum of teaching concerns.

Alert before you purchase: check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID provided by your instructor to register for and use Pearson's MyLab Mastering products. Packages: access codes for Pearson's MyLab Mastering products may not be included when purchasing or renting from companies other than Pearson. Check with the seller before completing your purchase. Used or rental books: if you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes: access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. A down-to-earth approach: James Henslin shares the excitement of sociology in *Essentials of Sociology: A Down-to-Earth Approach*, 11e, with his acclaimed down-to-earth approach and personal writing style. The author highlights the sociology of everyday life and its relevance to students' lives with wit, personal reflection and illuminating examples. Henslin stimulates students' sociological imagination so they can better perceive how the pieces of society fit together. In addition to this trademark down-to-earth approach, other distinctive features include comparative perspectives, the globalization of capitalism and visual presentations of sociology. MySocLab is an integral part of the Henslin learning program, engaging activities and
