this study explores the relationship between social groups and their conflicts

how are group based identities related to intergroup conflict when and how do ethnic religious and national identities lead to oppression violence rebellion war mass murder and genocide how do intergroup conflicts change people s identities how might social identity be harnessed in the service of reducing conflict between groups the chapters in this book present a sophisticated and detailed interdisciplinary analysis of the most fundamental issues in understanding identity and conflict

this volume to honor marilynn brewer contains original theory and research from leading social psychologists who study social identity theory intergroup relations cooperation and conflict and the psychology of the self it will be of interest to social psychologists industrial organizational psychologists clinical psychologists and sociologists

how are group based identities related to intergroup conflict when and how do ethnic religious and national identities lead to oppression violence rebellion war mass murder and genocide how do intergroup conflicts change people s identities how might social identity be harnessed in the service of reducing conflict between groups the chapters in this book present a sophisticated and detailed interdisciplinary analysis of the most fundamental issues in understanding identity and conflict

the purpose of this thesis is to evaluate the relationship between a specific dimension of collective identity importance to identity and intergroup discrimination three sets of studies explored this association the first set studies 1a 1d assessed whether emphasising vs de emphasising the intergroup context affected the relationship between importance to identity and intergroup discrimination findings from studies 1a 1d revealed a significant positive

relationship between importance to identity and intergroup discrimination when intergroup relations were emphasised no such association was found when intergroup relations were de emphasised when the intergroup context was emphasised new zealanders whose national identity was important to them showed more discrimination toward both americans and asians than other new zealanders both men and women whose gender identities were important to them showed more discrimination toward members of the opposite sex than members of their own sex

the authors of social identifications set out to make accessible to students of social psychology the social identity approach developed by henri tajfel john turner and their colleagues in bristol during the 1970s and 1980s michael hogg and dominic abrams give a comprehensive and readable account of social identity theory as well as setting it in the context of other approaches and perspectives in the psychology of intergroup relations they look at the way people derive their identity from the social groups to which they belong and the consequences for their feelings thoughts and behaviour of psychologically belonging to a group they go on to examine the relationship between the individual and society in the context of a discussion of discrimination stereotyping and intergroup relations conformity and social influence cohesiveness and intragroup solidarity language and ethnic group relations and collective behaviour social identifications fills a gap in the literature available to students of social psychology the authors presentation of social identity theory in a complete and integrated form and the extensive references and suggestions for further reading they provide will make this an essential source book for social psychologists and other social scientists looking at group behaviour

first published in 2000 routledge is an imprint of taylor francis an informa company

social identity and social categorization theories have offered some of the most exciting developments in social psychology informing work on everything from intergroup relations to personal identity this comprehensive book surveys the latest empirical and theoretical findings alongside original contributions to provide an invaluable overview of this important

field the internationally renowned contributors explore a broad range of psychosocial phenomena including intergroup discrimination influence group polarization collective behaviour impact of minorities prejudice stereotypes and leadership

the concept of social identity occupies a central position in contemporary social psychology social identities motivational emotional cultural influences reports recent developments in the analysis of motivational and affective aspects of social identity processes the book also examines the cross cultural generality of social identity theory explanations of intergroup competitiveness which have strongly influenced international research in this area people's social identities and self evaluation are thought to be largely derived from group memberships it is presumed that people are motivated to attain positivity in these identities by favouring the ingroup in intergroup comparisons an increasing stream of research is being devoted to extending the applicability of social identity concepts to intergroup relations and related fields the editors present here a collection of contributions from leading figures in social psychology which explore the state of the art in social identity theory the most prominent motivational theories of identification are reported central themes concern motivations which lead individuals to join a group and identify with it the role emotions have in favouring or hindering intergroup relations the effect of emotions on intergroup behaviour how people react to social identity threats shedding new light on important social problems like prejudice bigotry and intense conflicts around the world this unique volume will be indispensable to students and researchers of social psychology sociology and cultural studies

this landmark work offers a tour of the latest developments in social identity theory from the leading scholars in the field first proposed by tajfel and turner in 1979 social identity theory has proved enormously influential in stimulating new theory and research and in its application to social problems the field is developing apace and important new lines of work have opened up in the past few years the three sections of the book cover theoretical contributions to the field recent empirical assessments of key elements of the theory and applications of social identity theory to bring about changes in problematic intergroup

relationships

the only comprehensive book on racism for human service students and professionals this book addresses all forms of racism from an historical theoretical institutional interpersonal and professional perspective this text discusses how racism can be dealt with in clinical communal and organizational contexts the third edition encompasses a wealth of vital new scholarship on the perpetually changing contours of racism and strategies to confront it fulfilling nasw and cswe cultural competency requirements this book teaches socially just practices to helping professionals from any discipline using coloniality and other critical theories as a conceptual framework the text analyzes all levels of racism structural personal interpersonal professional and cultural it features the contributions of a new team of authors and scholars new conceptual and theoretical material a new chapter on immigration racism and updated content to reflect how racism and white supremacy are manifested today and new content on the impact of racism on economics technology and environmental degradation expanded sections on slavery current political manifestations of racism and much more the new edition provides in depth multilevel complex exploration and includes varied perspectives that will be meaningful for anyone involved in human services readers appreciate the book s sensitive complex and multidimensional approach to this difficult topic purchase includes digital access for use on most mobile devices or computers new to the third edition integrates the perspectives and insights of two new expert authors includes a new chapter on the root causes for the increased flow of migrants displaced people and refugees and the impact of racism on their lives and discusses the rise of fascism and white supremacy along with the confluence of racism and covid 19 includes a new model of dialogue critical conversations which offers a roadmap for facilitating productive conversations on race and racism presents updated coverage of the killings of young people of color by law enforcement offers a detailed examination of the trump era and the impact of obama presidency on the dynamics of racism provides practical applications which include exercises that explore social group and intersectional identities stereotypes microaggressions organizational audits and structural oppression key features addresses how racism is part of

the dna of human services organizations and provides strategies for facilitating change explains how professionals can resist racism and serve as anti racism activists provides practical applications and exercises in each chapter includes instructor s manual links to relevant podcasts and additional resources and powerpoint outlines for each chapter

identity is one of the most extensively studied constructs in the social sciences yet despite the wealth of findings across many disciplines identity researchers remain divided over such enduring fundamental questions as what exactly is identity and how do identity processes function do people have a single identity or multiple identities is identity individually or collectively oriented personally or socially constructed stable or constantly in flux the handbook of identity theory and research offers the rare opportunity to address the questions and reconcile these seeming contradictions bringing unity and clarity to a diverse and fragmented literature this exhaustive reference work emphasizes the depth and complexity of identity processes and domains and presents perspectives from many different theoretical schools and empirical approaches contributing authors provide perspectives from psychology e g narrative social identity theory neo eriksonian and from other disciplines e g sociology political science ethnic studies and the editors highlight the links between chapters that provide complementary insights on related subjects in addition to covering identity processes and categories that are well known to the field the handbook tackles many emerging issues including identity development among adopted persons identity processes in interpersonal relationships effects of globalization on cultural identity transgender experience and identity consumer identity and shopping behavior social identity processes in xenophobia and genocide the handbook of identity theory and research lends itself to a wealth of uses by scholars clinicians and graduate students across many disciplines including social developmental and child school psychology human development and family studies sociology cultural anthropology gender ethnic and communication studies education and counseling

social identity theory posits that situational factors increase category salience that in turn

brings intergroup bias such as prejudice stereotype and discrimination this study investigates the effects of two situational factors conflict and power differentials on social identity and intergroup discrimination we hypothesize that high conflict or high power differentials raise the strength of social identity and therefore result in greater intergroup discrimination result showed that intergroup power differentials had a direct effect on intergroup discrimination not mediated by social identity strength additionally different response patterns were found between male and female subjects with females showing stronger gender identity and less intergroup discrimination than males male s gender identity was stable across conditions while female showed greater variability of gender identity across conditions some implications on managing diversity were suggested

this book analyses recent developments in intergroup research it diverges from classical approaches that looked at diverse needs and motives focussing not on what motivates intergroup behaviour but on how intergroup behavior functions

this comprehensive text thoroughly reviews the theories and history of racism the sociology of and the psychology of racism intergroup relations and intergroup conflict and how racism is manifested institutionally between groups and between people providing a unique view of the connections between these multiple perspectives readers can then apply this knowledge to their work as helping professionals students learn to explore their own biases and how they influence their view of themselves and others which strengthens their work with future clients fulfilling nasw and cswe cultural competency requirements this book teaches socially just practices to helping professionals from any discipline many people want to dismantle racism but they do not know how this book gets us closer to that goal using critical race theory as a conceptual framework the text analyzes all levels of racism personal professional institutional and cultural integrating theory research and practice racism is linked to other forms of oppression with an emphasis on how helping professionals can respond tips on how to facilitate racial dialogues are provided early chapters map out the contours of racism and later chapters emphasize how to dismantle it readers appreciate the book s sensitive approach

to this difficult topic examples and exercises encourage insight into understanding racism and insightful analyses offer strategies solutions and hope readers learn to respond to racism in all contexts including working with individuals families groups organizations and communities new to the second edition reflects recent sociopolitical changes including islamophobia the obama presidency the murders of young men of color by police the racialization of the criminal justice system and current immigration issues more cases and experiential exercises help readers explore how racism is manifested and how to incorporate the lessons learned into future working environments more emphasis on the intersectionality of racism and other social oppressions including class gender sexual orientation citizenship immigration experiences and disability to give readers a better understanding of the relationship between these issues powerpoints and instructor s resources with sample syllabi teaching tips and suggested videos and related websites an ideal text for advanced courses on racism oppression diversity prejudice and discrimination or racism and professional practice this book also appeals to helping professionals social workers psychologists counselors and nurses who need to understand racism to better serve their clients
