when class sports and social developmentwas published in 1983 it stood the world of sport sociology on its collective head the original edition brought social theory to sport studies and signaled sport sociology s coming of age gruneau brilliantly captured the current conditions within the field and anticipated where it was going unfortunately this classic has been out of print since 1993 but no longer the new edition features the original ground breaking text a foreword by r w connell of the university of sydney and a postscript by the author in his postscript professor gruneau places the book within a scholarly historical context 15 years after its first printing he also explains how he might have written the book differently had he written it today when you read this book you ll understand why contemporary sociologycalled the first edition the most ambitious provocative and penetrating effort yet undertaken by a north american sociologist to locate sport within the framework of the classical tradition of sociological theory if you already own the book the new edition brings the author s perspective full circle and if you don t have a copy of the original you ll want to buy the new edition of class sports and social developmentto round out your collection of essential works in the field

books about sports even those written by scholars are frequently little more than hagiography they extol the virtue of athletics for participant and spectator alike of greater rarity are those that look critically at the political social economic and psychological underpinnings of contemporary sports violence in sports is among the relatively neglected issues of

serious study sports violence is perhaps the first collection of scholarly theory and research to examine in detail aggression within and surrounding sports as such it seeks to present the broadest possible range of interpretations and perspectives the book is therefore both interdisciplinary and international in scope two chapters by guttmann and vamplew are concerned with historical analyses of sports violence definitions and perspectives on aggression in general and sports related aggression in particular are the topics of chapters 4 through 7 by smith bredemeier mark bryant and lehman and mummendey and mummendey here a wide variety of social and psychological theories are brought to bear on the conceptualization of aggression on the playing field and in the stands dunning and liischen both sociologists of sport examine the origins structure and functions of violence of sports and of their interconnections psychological interpretations and research are presented in chapters by russell and keefer goldstein and kasiarz while bryant and zillmann examine the portrayal and effects of aggression in televised sports

the 30 essays in this critical anthology cover children in sports college athletics reform racial discrimination gender inequality drugs presents articles reflecting a range of viewpoints on various aspects of sports including the use of drugs racial discrimination and sexual equality

coverage of publications outside the uk and in non english languages expands steadily until in 1991 it occupies enough of the guide to require publication in parts
