a unique and indispensable reference work unsurpassed in content and scope when the first edition of gold coins of the world made its debut in 1958 it forever changed the way gold coins were collected cataloged traded and priced for the first time one book provided a reliable guide for a subject which previously required an often expensive investment in multiple volumes of literature some of it rare and antique and much of it badly out of date with the publication of this pioneering work robert friedberg 1912 1963 established himself as an international icon in the field of numismatic literature this book and the friedberg numbering system he developed became then and is still today the internationally recognized standard for systematically identifying any gold coin ever made from just 384 pages in 1958 gold coins of the world has expanded to the extent that it now contains more than triple the information of its ancestor it still stands alone as the first and only book to describe catalog and price two millennia of gold platinum and palladium coin issues from across the globe from the first coins of the ancient greeks to the most recently issued modern commemoratives they are all here an astonishing compilation of more than 21 000 individual coin listings accompanied by over 8 000 actual size photographs the prices have been completely updated for the most part raised substantially to reflect the current market entire sections have been expanded many illustrations have been added or improved and hundreds of new discoveries and recent issues have been included for the first time arthur friedberg president of the international association of professional numismatists from 2001 to 2007 and now its honorary president and ira friedberg have completely revised and expanded their late father s work they have had the valuable assistance and cooperation of a who s who of the leading numismatists on every continent in bringing this edition to fruition for the numismatist banker economist historian institution of higher learning or a fancier of the noble metal in all its forms gold coins of the world is a book for every library public and private

recent political changes in eastern europe made available much needed information for this edition clearly the standard directory of the libraries of the world with facts and contact information for some 40 000 libraries 2 100 new to this edition in 166 countries included are national general research university and college professional school government ecclesiastical corporate and business and public libraries with holdings over 30 000 volumes and special libraries with more than 5 000 volumes the arrangement is alphabetical by country and within countries by library type further by place name and finally by name of the institution annotation copyrighted by book news inc portland or

over 800 million people suffer from chronic hunger and over ten million children die each year from preventable causes these may seem like overwhelming statistics but as stephen smith shows in this call to arms global poverty is something that we can and should solve within our lifetimes ending global poverty explores the various traps that keep people mired in poverty traps like poor nutrition illiteracy lack of access to health care and others and

presents eight keys to escaping these traps smith gives readers the tools they need to help people overcome poverty and to determine what approaches are most effective in fighting it for example celebrities in commercials who encourage viewers to adopt a poor child really seem to care but will sending money to these organizations do the most good smith explains how to make an informed decision grass roots programs and organizations are helping people gain the capabilities they need to escape from poverty and this book highlights many of the most promising of these strategies in some of the poorest countries in the world explaining what they do and what makes them effective
