introduction to advanced manufacturing was written by two experienced and passionate engineers whose mission is to make the subject of advanced manufacturing easy to understand and a practical solution to everyday problems harik ph d and wuest ph d professors who have taught the subject for decades combined their expertise to develop both an applied manual and a theoretical reference that addresses many different needs introduction to advanced manufacturing covers the following topics in detail composites manufacturing smart manufacturing additive manufacturing computer aided manufacturing polymers manufacturing assembly processes manufacturing quality control and productivity subtractive manufacturing deformative manufacturing introduction to advanced manufacturing offers a new refreshing way of studying how things are made in the digital age with academics and industry professionals in mind introduction to advanced manufacturing paves the ground for those interested in the new opportunities of industry 4 0

bachelor thesis from the year 2017 in the subject communications interpersonal communication grade 1 7 university of bremen department of sociology course b a sociology language english abstract a relatively small amount of research addresses romantic relationship communication on facebook however the aim of this literature review was to conclude current research about romantic relationship communication of european and north american adolescents and young adults on facebook communication behaviours were observed in knapp s 1978 three relational stages formation maintenance and dissolution facebook was found to be a significant communicational tool for adolescents and young adults in romantic relationships findings displayed that not only communication between partners but also between couple and network influence relationship outcomes the availability of information can lead to dialectical struggles between relationship partners baxter 2011 and high levels of social control from romantic relationship partners networks a special importance of facebook was found in the relationship formation where

facebook serves as the main tool to communicate and to gather information about potential and existing partners relationship maintenance on facebook requires publications of relationship information the frequency and importance of those publications depends on the relationship partners and their facebook networks no research has been conducted on relationship dissolution on facebook yet although research on behaviours after the dissolution revealed that former partners cleared their profiles from information connected to ex partners harassment and monitoring of ex partners were also reported behaviours more research is needed to provide sufficient evidence to validate the presented data additionally only a small amount of research addresses the reliability of offline behaviour and links between offline and online behaviour in the field of romantic relationships
