perennially popular william morris's designs for fabric and wallpaper have represented the best of english taste and sensibility for over a hundred years today there is a renewed appreciation for pattern and decoration and a revival of interest in the entire arts and crafts movement

a richly illustrated look at some of the british library's most beautiful books from around the world for centuries across the world books have been created as objects of beauty with bookmakers lavishing great care on their paper binding materials illustrations and lettering the book by design featuring an array of books from the british library's collection focuses on the sensory experience of holding and reading these objects each selection represents a specific moment in the development of what we know today as the book from scrolls and bound illuminated manuscripts to paperbacks and formatted digital information these range from the seventh century to the present and include examples from china japan southeast asia the middle east europe and north america in addition to a

look at book traditions in africa and oceania john james audubon s birds of america the works of chaucer russian futurist books limited editions historic copies of the qur an and the bible mass market paperbacks and more come together to tell the visual tactile artistic and cultural history of books expert curators and specialists explore these books from the perspective of design and manufacturing original art photographs offer vivid representations of their textures and materials and graphics detail the size and specifications of each book offering a wide ranging look at the creation and use of books illustrated with hundreds of color images this volume is itself an object of beauty

this book is an overview of the process of design as it has evolved from the earliest visual images and artifacts from prehistory to our modern practice of design originally written as a textbook for design students and design professionals it is also oriented to the general public interest in the design arts and the fine arts every object has a story to tell about its period in time its culture its maker and ways of making this thought was the idea behind the making of this book that we can read this story through the interpretation of the forms of objects important influences on modern design have come from the bauhaus and the french decorative arts however what the designer does is best expressed in the work of american industrial designer norman bel geddes excerpt page 55 bell geddes believed that design is primarily a matter of thinking and of envisioning how the customer would use the product while every product has a specific solution bel geddes instituted market research as an essential part of the design process in his redesign of the counter scale for the toledo scale company he changed hand weights to a spring mechanism cast iron to aluminum enclosed the skeleton body in a white enamel shell and made the scale flush with the counter for ease of use while retaining its basic function bel geddes major innovation was the redesign of the standard gas stove from a stylized furniture form to a single unit encased in clean white enamel rethinking the stove as a skyscraper grid hung with steel plates he simplified the manufacturing process by creating twelve interchangeable components to form sixteen different models source norman bel geddes horizons

with the advent of new digital communication technologies the end of print culture once again appears to be as inevitable to some recent commentators as it did to marshall mcluhan this book charts the elements involved in such claims through a method that examines the iconography of materials marks and processes of print and in this sense acknowledges mcluhan s notion of the medium as the bearer of meaning

the many achievements of william morris are described in this volume which explores his multifaceted career as a political writer and activist an artist and designer a man of letters and a successful businessman

william morris father of modern design and pattern surveys morris s designs for two dimensional surfaces primarily wallpaper and textiles the introductory text by hiroshi

unno printed in both english and japanese provides an overview of morris s career and the sources of his inspiration what appeals to us even now about morris s designs writes unno is not the elegance of abstract patterns but the way in which his patterns make natural beauty come alive on the flat surface morris was a passionate observer of nature as well as a voracious student of history especially medieval garments and tapestries the range and depth of his inspiration must partly explain the longevity of his own patterns which designers today still consider classic

the twelve designers featured in masters of modern design originators of ideas vital to the contemporary world have had an immeasurable impact on the buildings houses furniture cars and basic products we use daily george marcus offers biographical sketches and critical evaluations of william morris henry van de velde josef hoffmann frank lloyd wright le corbusier marianne brandt raymond loewy charles and ray eames achille castiglioni ettore sottsass jr shiro kuramata and philippe starck these profiles present a parallel history of design movements from the nineteenth century on arts and crafts art nouveau the international style the bauhaus postmodernism and more marcus discusses the history development philosophy and process of these influential designers he focuses on the definitive stances each took in regard to modernism issues of decoration simplicity functionality and mass production and the inescapable connections of their works and ideas this thorough survey is an essential contribution to the history of art art history architecture and design george h marcus teaches the history of twentieth century design at the university of pennsylvania he is the author of le corbusier inside the machine for living design in the fifties when everyone went moden functionalist design an ongoing history and co author of landmarks of twentieth century design pilar viladas is the design editor of the new york times magazine
