microeconomics case studies and applications contains case studies that explore core
microeconomics concepts by focusing on current events in economics and providing a theory
refresher for each section and questions designed to be a companion text to larger microeconomics
texts this resource offers a useful time saving alternative to sourcing online articles and journals as a
first year text it teaches best practice use of case studies and acts as a stepping stone for students who
will source and use articles as they progress through their course each case study presents a different
application of a core concept or theory as well as the main text which presents the application of the

core concept each case study contains a range of extra material a theory refresher section provides a quick way for students to revise a key concept or theory that is important for understanding the application in that case study
