this book constitutes the refereed proceedings of the ifip wg 8 6 international working conference smart working living and organising on transfer and diffusion of it tdit 2018 held in portsmouth uk in june 2018 the 17 revised full papers and 2 short papers presented were carefully reviewed and selected from 34 submissions they deal with the adoption of new classes of technology used by individuals organisations sectors and society with a particular focus on how emerging technologies are adopted and appropriated in organisations and everyday life and their impact the papers are organized in the following topical sections being smart adoption challenges sharing economy and social media government and infrastructure it project management and revisiting concepts and theories

building a capable public service is fundamental to postconflict state building yet in postconflict settings short term pressures often conflict with this longer term objective to ensure peace and stabilize fragile coalitions the imperative for political elites to hand out public jobs and better pay to constituents dominates merit donor financed projects that rely on technical assistants and parallel structures rather than on government systems are often the primary vehicle for meeting pressing service delivery needs what then is a workable approach to rebuilding public services postconflict paths between peace and public service seeks to answer this question by comparing public service reform trajectories in five countries afghanistan liberia sierra leone south sudan and timor leste in the aftermath of conflict the study seeks to explain these countries different trajectories through process tracing and structured focused methods of comparative analysis to reconstruct reform trajectories the report draws on more than 200 interviews conducted with government officials and other stakeholders as well as administrative data the study analyzes how reform trajectories are influenced by elite bargains and highlights their path dependency shaped by preconflict legacies and the specifics of the conflict period as the first systematic study on postconflict public service reforms it identifies lessons for the future engagement of development partners in building public services rebuilding the bureaucracy is possibly the most underappreciated policy and research question in fragile states today this is one of the most politically astute and thoughtful books i ve read on postconflict policy making of any kind christopher blattman ramalee e pearson professor of global conflict studies pearson institute for the study and resolution of global conflicts harris public policy university of chicago rebuilding states after conflict is the greatest challenge in development today and yet we know precious little about the actual experience of countries that have tried to rebuild their civil service and restore public services this is a monumental study based on extensive empirical data and field based research across multiple cases that actually opens up the black box of state building in conflict affected countries it should be required reading for anyone who takes on this extraordinary challenge joel s hellman dean edmund a walsh school of foreign service georgetown university there isn t a more pressing problem in international development than formulating practical strategies for building institutions in fragile states this book is a remarkable distillation of the frontline experiences of the world bank in tackling this task finally we have the basis for an empirically grounded assessment of what works and why unputdownable james robinson reverend dr richard l pearson professor of global conflict and university professor institute director pearson institute for the study and resolution of global conflicts harris public policy university of chicago

technology vs government examines why government fails at technology acquisitions innovation and implementation the impact on people and the future opportunities and implications for government service administration and policy

the authoritative biography of michael bloomberg business genius inventor innovator publisher philanthropist activist and presidential candidate with unprecedented access a veteran new york times reporter and editorial writer who covered new york city and state politics offers a revealing portrait of one of the richest and famously private public figures in the country michael bloomberg s life sounds like an exaggerated version of the american story except his adventures are real from modest jewish middle class and eagle scout to harvard mba to salomon brothers hot shot where he gets sent upstairs and later

fired to creator of the machine that would change wall street and the rest of the world and make him a billionaire a description by the author makes the invention clear to non engineers randolph s account of bloomberg s life and time reads almost like a novel a quintessentially american story she explains the machine he invented that gave and continues to give instant access to an infinite amount of information to bankers and investors on how what and where to invest and how it changed the financial universe randolph recounts one day not long ago when the bloomberg machine briefly blipped and the whole world s financial marketplace came to a halt randolph recounts mayor bloomberg s vigorous approach to new york city s care including his attempts at education reform contract control anti smoking and anti obesity campaigns green climate control and his political adventures with both aides and opponents after a surprising third term as mayor bloomberg returned to his business and doubles its already tremendous worth the chapter that describes this is one of the most revealing of his temperament and energy and vision as well as how he spends his private time private but convivial bloomberg s philanthropies are education anti nra and supporting a cleaner environment he is a moderate liberal in a time when that quality holds the future of the democratic party and the country to account
