one of fx s most successful original productions sons of anarchy roared onto the screen in 2008 and dominated the cable network s programming for seven seasons following an outlaw motorcycle club on its shakespearean journey the series took audiences on a wild ride powered by a high octane brand of masculinity this collection of new essays explores the show s complicated presentation of masculinity and its cultural implications series creator and writer kurt sutter depicts

male characters who act from a highly traditional sense of what it means to be a man soa both vaunts and challenges that sense of manhood as the characters face the consequences of their ride or die lifestyle

in rené girard theology and popular culture fifteen contributors consider how girard s mimetic theory can be used to uncover and probe the theological depths of popular culture creative and critical engagement with girard s theory enables the contributors to offer fresh and exciting interpretations of movies the devil wears prada mean girls star wars television hoarders cobra kai classical literature and graphic novels and issues ranging from anorexia to social media the result is a volume that establishes girard as an innovative interpreter of culture and shows him as an invaluable guide for theologically reflecting on desire violence redemption and forgiveness written in fresh and lively prose the contributors demonstrate not only that girard provides a powerful lens through which to view culture but also and more provocatively challenge readers to consider what popular culture reveals about them readers looking for an accessible introduction to mimetic theory and exploring its theological application will find this a welcome resource

mortality remains a taboo topic in much of western society but death and violence continue to be staples of popular television we can better understand the appeal of violence by investigating psychological theories surrounding anxiety about death and the defenses we use to manage that anxiety this book examines five recent television series game of thrones the punisher jessica jones sons of anarchy and hannibal and shows how fictional characters motivations teach viewers about both the constructive and destructive ways we try to deal with our own mortality instead of dismissing violent television as harmless entertainment or completely condemning it as a dangerous trigger of hostile behavior this book shows its effects on viewers in a more nuanced manner it provides a new perspective on the enjoyment of violent television enhancing fans appreciation and sparking ongoing discussions about their value to both the individual and society

brains before bullets ancient and modern wisdom for mechanics and motorcycle enthusiasts essential reading for fans of the show this book takes readers deeper into the sons of anarchy motorcycle club the teller morrow family and the ethics that surround their lives and activities provides fascinating moral insights into sons of anarchy its key characters plot lines and ideas investigates compelling philosophical issues centering on loyalty duty the ethics of war authority religion and whether the ends justify the means teaches complex philosophical ideas in a way that s accessible to the general interest reader in order to inspire them to further reading of the great philosophers authors use their deep knowledge of the show to illuminate

themes that are not always apparent even to die hard fans

today more than ever series finales have become cultural touchstones that feed watercooler fodder and twitter storms among a committed community of viewers while the final episodes of the fugitive and m a s h continue to rank among the highest rated broadcasts more recent shows draw legions of binge watching fans given the importance of finales to viewers and critics alike howard and bianculli along with the other contributors explore these endings and what they mean to the audience both in terms of their sense of narrative and as episodes that epitomize an entire show bringing together a veritable who s who of television scholars journalists and media experts including robert thompson martha nochimson gary edgerton david hinckley kim akass and joanne morreale the book offers commentary on some of the most compelling and often controversial final episodes in television history each chapter is devoted to a separate finale providing readers with a comprehensive survey of these watershed moments gathering a unique international lineup of journalists and media scholars the book also offers readers an intriguing variety of critical voices and perspectives

forensic neuropathology is an important specialty within forensic pathology in addition to traumatic brain injury in the adult and child forensic neuropathologists must also consider the role of natural disease within the forensic setting such as cerebrovascular disease as well as neurotoxicology focusing on difficulties that arise in the medico legal context the chapters include techniques for the post mortem examination of the brain and related structures forensic pathologists neuropathologists general pathologists clinical forensic specialists as well as neuroscientists neurologists and neurosurgeons will all find useful information in addition members of the legal profession have found this an important reference work chapters have been extensively revised and new content includes chronic traumatic encephalopathy related pathology sudden unexplained death in epilepsy biomechanics of head injury updates on pathological aspects of head injury including infant head injury with ocular pathology clinical aspects of head injury and spinal injury including a new chapter on neuroradiology reviews of the first edition this outstanding book is unique well illustrated with high quality colour photographs and line drawings it reads well strongly recommended for trainees in histopathology neuropathology paediatric pathology and forensic pathology as well as for consultants practising in these fields

in neurotrauma and critical care of the brain leading clinicians present widely accepted guidelines and evidence based practices for the management of patients with traumatic brain injury divided into five main sections the book guides the
