temporal divergence creates a need for new narratives and paradigms in diverging time david carvounas supports this assertion through detailed expository and diagnostic readings of kant hegel and marx he focuses on their contribution to our understanding of modernity as an epochal shift in the relationship between past and future recasting the significance of the past and future of the modern present despite their different solutions to the problem of temporal coordination they urged the modern world to look not to the past but to the newly opened future for continuity meaning and purpose this book not only offers a fresh look at a defining characteristic of modernity but also makes a compelling case that a coherent modern temporal structure requires a sustainable orientation toward the future an orientation that kant hegel and marx delineate in distinctive and powerful ways

david kellogg lewis 1941 2001 was one of the most influential philosophers of the twentieth century he made significant contributions to almost every area of analytic philosophy including metaphysics philosophy of language philosophy of mind and philosophy of science and set the agenda for various debates in these areas which carry on

to this day in several respects he remains a contemporary figure yet enough time has now passed for historians of philosophy to begin to study his place in twentieth century thought his philosophy was constructed and refined not just through his published writing but also crucially through his life long correspondence with fellow philosophers including leading figures such as d m armstrong saul kripke w v quine j j c smart and peter van inwagen his letters formed the undercurrent of his published work and became the medium through which he proposed many of his well known theories and discussed a range of philosophical topics in depth a selection of his vast correspondence over a 40 year period is presented here across two volumes as metaphysics is arguably where lewis made his greatest contribution this forms the focus of volume 1 arranged under the broad areas of causation modality and ontology the letters offer an organic story of the origins development breadth and depth of his metaphysics in its historical context as well as a glimpse into the influence of his many interlocutors this volume will be an indispensable resource for contemporary metaphysics and for those interested in the lewisian perspective
