designed to accompany cultures of the west volume 1 to 1750 third edition 2019 and cultures of the west volume 2 since 1350 third edition 2019 by clifford r backman the third editions of sources for cultures of the west volume 1 to 1750 and sources for cultures of the west volume 2 since 1350 feature approximately six written sources per chapter that highlight key themes in the study of western civilization each of the 189 sources is accompanied by a headnote each volume begins with a special unit how to read a primary source that provides students with important advice on how to work with textual documents in studying the past the third edition includes twenty one new sources

sources of the making of the west helps bring the history of the west to life thoroughly revised and designed to be used independently or as a companion reader this two volume collection parallels the major topics and themes covered in each chapter of the making of the west a broad range of source types and themes illuminate historical experience from a diversity of perspectives this reader offers instructors even more opportunities to promote classroom discussion of primary documents and to help students develop essential historical thinking skills publisher s website

students of western civilization need more than facts they need to understand the cross cultural global exchanges that shaped western history to be able to draw connections between the social cultural political economic and intellectual happenings in a given era and to see the west not as a fixed region but a living evolving construct these needs have long been central to the making of the west the book's chronological narrative emphasizes the wide variety of peoples and cultures that created western civilization and places them together in a common context enabling students to witness the unfolding of western history understand change over time and recognize fundamental relationships

cultures of the west focuses on the ways in which the major ideas and passions of western culture developed internally and how they have shaped the greater west for good and for ill comprehensive and geographically broad in scope such key ideas as political and economic developments intellectual and artistic ventures and social trends and countertrends form the central narrative of this text

sources of the making of the west provides written and visual documents closely aligned with each chapter of the making of the west this two volume collection reinforces the major political economic social and cultural developments in the textbook by allowing students to engage directly with the voices of those who experienced them over thirty new documents and visual sources highlight the diversity of historical voices including both notable figures and ordinary individuals that shaped each period to aid students in approaching and interpreting documents each chapter contains an introduction document headnotes and questions for discussion

this volume is addressed to scholars as well as a popular audience aimed to bridge the gap between academia and the general public it deals with who we are concerning our sense of self and identity and how we live concerning our ways of life in diverse cultures it affirms that we may transcend our cultural ethnic roots and redefine our identities individual or collective transcendence opens the door not only to personal transformation but also to confront ethnic stereotypes and prejudices readers will gain fresh cultural knowledge from both the east and the west and be attuned to the theme of letting no ethnic group be alien to us this book is at once about the immersion of life in culture and the remaking of culture by human action reciprocal influence at work the idea of immersion underscores the powerful cultural forces that shape our perceptions thinking and emotions unlike other cultural psychology texts this volume dwells on the accelerating alterations of culture by human action and hence the remaking of our own being in the age of the internet in the author's own words i write with the passion of a person who has lived life from being marginal neither eastern nor western to being a world citizen turned to english like a duck to the water thus circumventing my handicap of chinese orthographic dyslexia i have two cultural parents one chinese and one western who transformed me into a thoroughly bilingual bicultural person empowered to build intercultural bridges the east is rising and the west can ill afford to remain ignorant of the east

medieval philosophy a multicultural reader comprises a comparative multicultural reading of the four main traditions of the medieval period with extensive sections on greek byzantine latin jewish and islamic traditions the book also includes an initial predecessors section presenting readings with introductions from figures of antiquity upon whom all four traditions have drawn representative readings from each of the four great traditions are presented chronologically in four different tracks along with engaging and accessible introductions to

the traditions themselves as well as each individual thinker all selected and presented by noted scholars within each respective tradition this groundbreaking collection offers readings from early thinkers that contextualize the medieval traditions presents for the first time extensive readings from the byzantine christian tradition that has wielded an important cultural influence from russia and the balkans to the middle east and northern africa chooses and interprets texts that are integrally important within each of these four traditions living traditions that continue to shape values and beliefs today rather than seen from an external point of view such as that of a later school of philosophy juxtaposes extensive readings from poetic and mystical elements within these traditions alongside the usual often more analytical readings features a timeline of the entire period a map indicating the locations associated with philosophers included in this volume an annotated guide to further reading on each of these traditions and an index of names and of subjects that appear in the volume given its relevance for approaching the medieval world on its own terms as well as for understanding the foundations of our own world the volume is intended not only as an academic textbook and reference work but as a readable and informative guide for the general reader who wishes to understand these great philosophical and religious traditions that continue to influence our world today or perhaps to simply glean the wisdom from these enduring texts this is a culturally inclusive title which seeks to provide the reader with a rich varied and comprehensive insight into the entirety of the medieval philosophical world
