sovereignty marks the boundary between politics and law highlighting the legal context of politics and the political context of law it thus contributes to the internal dynamics of both political and legal systems this book comprehends the persistence of sovereignty as a political and juridical concept in the post sovereign social condition the tension and paradoxical relationship between the semantics and structures of sovereignty and post sovereignty are addressed by using the conceptual framework of the autopoietic social systems theory using a number of contemporary european examples developments and paradoxes the author examines topics of immense interest and importance relating to the concept of sovereignty in a globalising world the study argues that the modern question of sovereignty permanently oscillating between *de iure* authority and *de facto* power cannot be discarded by theories of supranational and transnational globalized law and politics criticising quasi theological conceptualizations of political sovereignty and its juridical form the study reformulates the concept of sovereignty and its persistence as part of the self referential communication of the systems of positive law and politics the book will be of considerable interest to academics and researchers in political legal and social theory and philosophy

the european sovereign debt crisis breaking the vicious circle between sovereigns and banks explains why the euro area s progress towards reining in the risks arising from the well documented bi directional financial contagion transmission mechanism that links sovereigns to commercial banks has been more prominent compared to the channel of contagion moving from banks to sovereigns providing an analysis of the legal and regulatory measures that europe and the euro area have taken to mitigate the exposure of sovereigns to financial crises generated by commercial banks this book draws attention to areas where improvements to the arsenal of tools hitherto introduced are either desirable or necessary chapters further explain with recourse to economic and legal arguments why the channel of contagion moving from sovereigns to commercial banks has proven harder to close and explores ways in which progress could be made in the

direction of closing it so as to avert the risk of future banking sector crises this work provides essential reading for students researchers and practitioners with an interest in sovereign debt crises and the euro area banking system

in 2018 the members of the african union adopted the african continental free trade area agreement afcfta this book examines the afcfta dissecting its key provisions it stresses the importance of the afcfta in the context of increasing episodes of trade protection in africa and it theorizes on the role of the treaty organs the book also examines the importance of citizen participation for the success of the afcfta as well as exploring the role sub state actors can play ultimately the study adds to the understanding of the array of problems that are associated with regional trade in africa and the role law plays in resolving these problems it will be of importance to academics and students of international law especially those with an interest in african trade law as well as legal professionals and policymakers

this book helps us to interpret current events in the light of biblical prophecy reminding us that whether the return of christ is near or far the stage is being set for his arrival are we ready erwin w lutzer bestselling author in matthew 24 after jesus gave his disciples a profound detailed description of what will happen prior to his second coming he urged them to keep watch because you do not know on what day your lord will come verse 42 so as we seek to follow his commands today what are we to watch for foreshadows explores 12 major trends that point toward jesus ever nearing return and that illuminate how god s faithfulness wisdom and sovereignty are on display all around us as you read you will identify occurrences in today s world that align with specific end times prophecies outlined in the bible discover how to walk not as unwise but as wise making the best use of the time because the days are evil ephesians 5 15 16 grow in your trust and reverence of god looking with confidence and wonder toward the future he has promised to those who are his childrenforeshadows will equip you to recognize the signs pointing to the end times while inspiring you to take hope in the knowledge god holds our chaotic world firmly within his control behind the scenes he is at work setting the

stage for christ's return and the glorious eternity that will follow

arguing that corporations are mainly responsible for the expansion of the damaging industrial food system this discussion focuses on these organizations and the ways they organize and control food production and distribution demonstrating how the corporate food system destroys those systems based on local markets local cultures and biodiversity this account highlights how it puts the profits of the few before the needs of people and leads to massive food safety incidents environmental destruction labor exploitation and the decimation of rural communities informative and direct this book aims to inspire individuals to actively take the food system back from corporations and put it in the hands of people

a fortnightly bulletin on financial and political trends

this review which was prepared in response to kazakhstan's 2012 request to adhere to the declaration on international investment and multinational enterprises oecd declaration analyses the general framework for investment as well as most recent reforms and shows where further efforts are necessary it assesses kazakhstan's ability to comply with the principles of openness transparency and non discrimination and its policy convergence with the oecd declaration including responsible business conduct practices capitalising on the oecd policy framework for investment this review studies other policy areas that are of key relevance to investment such as sme policy infrastructure development trade policy as well as anti corruption efforts since the first review of kazakhstan in 2012 the authorities have made strides in opening the country to international investment and in improving the policy framework for investment as part of their efforts to diversify the economy to avoid continued overreliance on oil additional policy measures are nevertheless required to create a stimulating environment for investment if the government wants to fulfil its goal of economic diversification and sustainable development

the international migration outlook 2017 the 41st edition of this annual oecd publication

analyses recent developments in migration movements and policies in oecd countries and selected non member countries where relevant it examines the impact of the recent increase in humanitarian migration it looks at the evolution of the labour market outcomes of immigrants in oecd countries with a focus on the medium term dynamic of employment outcomes and on the implications of structural changes in the labour market it includes one special chapter on family migrants looking at this important part of migration and the policies that govern it a statistical annex completes the book

specifically the collection interrogates the idea of the boundary

who are the most important actors in the peacebuilding process in post war liberia how do they interact in specific institutions on the ground and what are the factors behind the slow pace of the post war reform process this book designed as a qualitative case study with a strong descriptive component provides answers to these questions it highlights the importance of the domestic political landscape for the ultimate fate of the reforms and the role of influential individuals in the process its findings indicate that despite a rich critical academic debate the current practice of peacebuilding remains shaped by the neo liberal paradigm and remains rather disconnected from the post conflict realities and individuals on the ground

a concise expertly written overview of physical medicine and rehabilitation from leaders in the field a doody s core title for 2022 2024 principles of rehabilitation medicine is comprehensive and authoritative review for the specialty of physical medicine and rehabilitation the book offers a wide array of chapters with complete reviews of classical rehabilitation topics such as brain injury spinal cord injury stroke pain management and electrodiagnostic medicine additionally there is in depth coverage of musculoskeletal medicine pediatric rehabilitation and sports an expansive first section reviews fundamental knowledge essential to the basic rehabilitation assessment chapters reflect cutting edge topics in the field such as regenerative medicine rehabilitation of the veteran rehabilitation of the polytrauma patient hand rehabilitation ethics rehabilitation in pregnancy sexual rehabilitation rehabilitation of the injured worker rehabilitation issues in the developing

world rehabilitation at the end of life chapters are authored by proven leaders in the field with a focus on pathophysiology diagnosis and rehabilitative management information is presented in a clear concise manner with direct patient applications the text is complemented by numerous figures tables and patient care algorithms which are designed to confer a basic understanding of principles

this book is a critical inquiry into sovereignty and argues that the meaning and functions performed by this concept have changed significantly during the past decades with profound implications for the ontological status of the state and the modus operandi of the international system as a whole although we have grown accustomed to regarding sovereignty as a defining characteristic of the modern state and as a constitutive principle of the international system sovereignty as symbolic form argues that recent changes indicate that sovereignty has been turned into something granted contingent upon its responsible exercise in accordance with the norms and values of an imagined international community hence we need a new understanding of sovereignty in order to clarify the logic of its current usage in theory and practice alike and its connection to broader concerns of social ontology what kind of world do we inhabit and of what kind of entities is this world composed this book will be of interest to students of international relations critical security and international politics

the rapidly evolving world of global health and medicine in the palm of your hand the book s 17 multi authored chapters cover contemporary global public health remarkably well overall it is a superb introductory text for preclinical and public health novices in global health across a wide spectrum of health careers family medicine journal this is a welcome addition to the expanding roster of books on global health it is well written and provides appropriate background information required to initiate any study program in global health 3 stars doody s review service understanding global health is the groundbreaking go to primer that puts global health and its many challenges into sharp focus like no other text written with the nonspecialist in mind this powerful resource expertly reviews all the core topics that you must know in order to thrive in this

decentralized new global health environment it's all here unique authoritative coverage of public health concepts plus insights into infectious diseases and clinical medicine everything you need to truly comprehend how global medicine is dramatically affecting today's practice of medicine and to prepare for your role in it

sovereignty is at the very centre of the political and legal arrangements of the modern world the idea originated in the controversies and wars both religious and political of 16th and 17th century europe and since that time it has continued to spread and evolve today sovereignty is a global system of authority it extends across all religions civilizations languages cultures ethnic and racial groupings and other collectivities into which humanity is divided in this highly accessible book robert jackson provides a concise and comprehensive introduction to the history and meaning of sovereignty drawing on a wide range of examples from the us declaration of independence to terrorist attacks of 9/11 he shows how sovereignty operates in our daily lives and analyses the issues raised by its universality and centrality in the organization of the world the book covers core topics such as the discourse of sovereignty the global expansion of sovereignty the rise of popular sovereignty and the relationship between sovereignty and human rights it concludes by examining future challenges facing sovereignty in an era of globalization this interdisciplinary study will be of interest to a wide range of students academics and general readers who seek to understand this fundamental concept of the modern world

sovereignty is the vital organizing principle of modern international law this book examines the origins of that principle in the legal and political thought of its most influential theorist jean bodin 1529-30 1596 as the author argues in this study bodin's most lasting theoretical contribution was his thesis that sovereignty must be conceptualized as an indivisible bundle of legal rights constitutive of statehood while these uniform rights of sovereignty licensed all states to exercise numerous exclusive powers including the absolute power to absolve and release its citizens from legal duties they were ultimately derived from and therefore limited by the law of nations the book explores bodin's creative synthesis of classical sources in philosophy history and the

medieval legal science of roman and canon law in crafting the rules governing state centric politics the right of sovereignty is the first book in english on bodin s legal and political theory to be published in nearly a half century and surveys themes overlooked in modern bodin scholarship empire war conquest slavery citizenship commerce territory refugees and treaty obligations it will interest specialists in political theory and the history of modern political thought as well as legal history the philosophy of law and international law
