forming common ground for literature and science

language signs and selves applies conversational analysis to the discourse of everyday life and its roles in social behavior the explanation offered of the complex elements and processes of language use is theoretically and empirically grounded synthesizing european post structuralist theory and semiotics with american pragmatist currents this book parallels work done under other rubrics sociolinguistics conversation and discourse analysis and ethnomethodology this work however presents the same matter from a different standpoint while ethnomethodology and sociolinguistics focus on certain formal properties of conversations they have pursued the quest for these properties with great methodological rigor while avoiding questions about intentions in their work as in that of many structuralists discourse has become depersonalized with the linguistic form itself becoming an independent entity sealed from the world of selves interaction conflict and suffering perinbanayagam s interest is in displaying the dialogic properties of such discourses conceiving each element in them as pragmatic and directed in many ways language signs and selves is an enlargement and exemplification of themes discussed in the analysis of language interactions and social relationships the author takes dialogue to be the central event of human being and doing and argues that it is the defining principle of all actions and interactions drawing from a variety of sources he seeks to construct a theory of

interaction between humans that is dialectical in all senses of the word that is to say a theory concerned with dialects and double processes as well as with speaking and the logic of relational processes

this set of reflective essays about the writing life examines the poetics and politics of reading as a writer teaching and learning about writing in an academic or informal setting and pacing oneself through writing projects academic investigations about the medieval concept of the writer and the novelization of the poem accompany more practical discussions about keeping a writer's sketchbook and conducting research the growth of creative writing programs and the particular role of the artist in Australian society is explored

the series histories of anthropology annual presents diverse perspectives on the discipline's history within a global context with a goal of increasing the awareness and use of historical approaches in teaching learning and conducting anthropology the series includes critical comparative analytical and narrative studies involving all aspects and subfields of anthropology volume 14 centering the margins of anthropology's history focuses on the conscious recognition of margins and suggests it is time to bring the margins to the center both in terms of a changing theoretical openness and a supporting body of scholarship if not to problematize the very dichotomy of center and margins itself the essays explore two major themes of anthropology's margins first anthropologists and historians have long sought out marginalized and forgotten ancestors arguing for their present day relevance and offering explanations for the lack of attention to their contributions to theory analysis methods and findings second anthropologists and their historians have explored a range of genres to present their results in provocative and open ended formats this volume closes with an experimental essay that offers a dynamic multifaceted perspective that captures one of the dominant if sometimes marginalized voices in history of anthropology Steven O Murray's career developed at the institutional margins of several academic disciplines and activist discourses but his distinctive voice has been and will remain at the center of our history
