the studies gathered together in this book were originally presented at two conferences sponsored by the netherlands organization for scientific research nwo which were held at the vu university amsterdam in late august 2004 the first part language endangerment and endangered languages deals with issues related to language endangerment and the problems linguists and other researchers encounter when documenting these languages both in general terms and with an eye on the andean amazonian situation the second part specific studies languages and cultures of the andean amazonian border area contains three sections the first deals with topics that relate to the maku peoples and languages of brazil eastern maku and colombia western maku the second section features papers that address anthropological and grammatical issues concerning the nambikwara peoples and languages brazil the third section discusses various other languages in the andean amazonian border area

linguists estimate that around 7 000 languages exist but many are under threat translingualism translation and caribbean poetry is a multi language collection comprising over fifty translations of the poem *lenga di mama* mother tongue by curaꞌao born poet hilda de windt ayoubi published here alongside three additional poems each providing a different perspective on the mother tongue de windt ayoubi s sharp socially charged poetry has inspired translations from across the world collected here for the first time they serve to protect the native languages and cultures particularly the minority languages of their translators who range from expert linguists to speakers of underrepresented languages in his accompanying essay pieter c muysken considers the role of translation in addressing the urgent cultural concern of language loss and revitalization where he discusses bilingual translations and mass translations complete with maps language profiles interviews with the translators and the poet s essay on papiamentu this collection explores the emotional cultural and intellectual importance of language conservation through poetry and translation

once spoken only in santa rosa department guatemala the xinkan language family is unique within mesoamerica comprising four closely related languages that are unrelated to any of the other language

groups used within the region descriptions of xinkan date to 1770 but are typically only sketches or partial word lists not even the community of indigenous people who identify as xinka today the last speakers have had access to a reliable descriptive source on their ancestral tongue preserving this endangered communication system in accurate thorough detail the use and development of the xinkan languages presents a historical framework internal classifications and both synchronic and diachronic descriptions incorporating all elements of grammar based on extensive unpublished data collected in the 1970s by lyle campbell and terrence kaufman this valuable contribution is enhanced by author chris rogers s emphasis on contextualizing the findings introducing the languages rogers presents important information regarding the social and cultural milieu of the speakers he also traces a phonological reconstruction of proto xinkan and reconstructs historical morphology and syntax these revelations are of particular interest because the development of xinka and the many aspects of xinka morphosyntax have not been well understood a sample text na mulha uy is included as well solving numerous complex centuries old linguistic puzzles the use and development of the xinkan languages unlocks new potential for the rediscovery of a rich cultural history

this handbook provides the first broadly comprehensive typologically informed descriptive overview of the languages of greater amazonia organized by genealogical units the chapters provide empirically rich descriptions of the phonology and grammar of all amazonian families and isolates for which data and descriptions exist volume 1 focuses on the many isolates of the region those languages for which no extant sisters can be identified

the concept of linguistic justice as applied to minoritized languages sheds light upon the way in which minoritized communities conduct their lives in less than optimal environments precisely for that reason the theoretical framework for the study of minoritized languages has been constructed from different areas of knowledge creating a situation in which language is just one of the elements this collection of essays proposes to recover the centrality of bilingualism biculturalism and bidialectalism in the understanding of the different social cultural and political processes of historical and contemporary language justice it provides relevant theoretical and practical frameworks on the latest studies in linguistic justice as applied to minoritized languages and linguistic varieties such as korean in los angeles usa arabic in spain or n̄huat in central america analyzing the acquisition maintenance and attrition of these languages both in digital and physical environments the volume contributes to expanding our knowledge of the sociolinguistic educational political and social realities that occur in minoritized languages

linguists researchers and other practitioners in language education acknowledge that the resolution of language problems associated with breaking down language and cultural barriers that hinder the growth of learners self identities and national identities is ongoing in fact even with decades of research in home language use in the classroom there are still classrooms worldwide where learners are deprived of the opportunity of building their self esteem confidence and autonomy by communicating with their native language the global nature of communication requires speakers to use all the languages in their repertoire effectively thus reinforcing the need to encourage home language use in classrooms transformative pedagogical perspectives on home language use in classrooms is a cutting edge research publication on the effective use of home language in the classroom that emphasizes the significance of this activity to the success of the overall language development of the learner particular attention is given to transformative pedagogy and the provision of valuable insights into how the teacher can guide and assist learners in the development of critical thinking skills in addition the book provides content that enables practitioners in language education and parents to explore their roles in assisting children in breaking down the language and cultural barriers that hinder the growth of their self identity and national identity highlighting topics such as engineering education cultural responsiveness and transformative pedagogy this book is essential for linguists academicians education professionals curriculum designers policymakers administrators instructional designers researchers and students

education and the arts offer multiple mutually clarifying lenses through which to examine and understand issues of poverty and empowerment here both are combined in a fascinating look at how these two often overlooked elements promote social equality and cultivate personal agency across africa s diverse political economic landscapes

there are around 6 000 living languages in the world but as of 2012 less than 4 percent of them can claim

official status in one of more of the 196 existing states this lack of official status along with other cultural political and legal factors is contributing to a worldwide loss of linguistic diversity and cultural richness the essays in this book explore the many facets of language rights and language protection from a variety of theoretical legal and academic perspectives important lessons are taken from the basque case in europe and native american and french canadian cases in north america woven throughout the book is the belief in the power of discourse and research to protect and even enhance linguistic diversity through legal recognition and other means language protection however is only possible if we encourage the acceptance of cultural diversity and multilingualism as a positive outcome for the whole population of the state not just for a minority with in it we should abandon the idea of the monolingual mono cultural nation state and encourage the population of each country to adopt the concept of a multi cultural state

When people should go to the ebook stores, search foundation by shop, shelf by shelf, it is truly problematic. This is why we provide the ebook compilations in this website.
