it is commonly assumed that the state must provide the law necessary to maintain a peaceful and orderly society to regulate the market and to protect the environment in this part of the book i argue that these assumptions derive from a false dilemma from the belief that the only options are legal regulation by the state and no regulation this overlooks a third option the regulation of human behavior by binding rules that emerge from human interaction most importantly by common law civil liability i argue that the recognition of this third possibility implies that a proper analysis requires a comparative assessment of the effectiveness of state created law and emergent law chapter 1 offers such an assessment of the criminal law and tort law as mechanisms for reducing violence sufficiently to allow human cooperation and prosperity chapter 2 offers a comparative assessment of legislation and common law as mechanisms for ensuring that market

exchanges do not impose costly unconsented to harm of third parties and chapter 3 offers a similar assessment of legislation and common law as mechanisms for preventing environmental degradation
