why is the middle east entering a new era is it a new dawn is it a setting sun in the third decade of the twenty first century the middle east is entering a new era a multifaceted and intricate equilibrium will write the next chapter of this region the new era we are entering is fraught with challenges and full of opportunities the new era is both defined by and a result of a combination of ancient and modern domestic regional and international processes iran and turkey each strive to position themselves as the regional superpower in parallel the people of

the region struggle to overcome increasing domestic challenges these developments combined with an escalating struggle over path identity and direction could result in a new model of statehood in the arab world while some countries take the turbulent path toward a possible new statehood model others are fighting for their sovereignty and survival all of this is occurring while western hegemony in the middle east is coming to an end and the eastern giants are on the rise acclaimed middle east expert an israeli fluent in arabic english and hebrew avi melamed has a proven exceptional record of foreseeing the evolution of events in the middle east and their impact on a local and regional level in this book melamed takes you on a fascinating eye opening journey through the geopolitical landscape of the middle east in the third decade of the twenty first century he challenges common western concepts narratives and theories and he provides predictions about some of the most central regional issues of the day using primarily sources from the region avi melamed provides a professional rare insider s view and clearly and insightfully contextualizes current regional events inside the middle east entering a new era provides the knowledge and tools to connect the dots this distinct understanding allows the reader to build a multidimensional picture of the geopolitical reality of the middle east today and provides an unparalleled foundation for navigating the events of tomorrow

understand the middle east since 1945 is an essential guide to one of the world s most turbulent regions it examines the origins and development of the events which have dominated the headlines for the last six decades covering everything from religion and politics in the aftermath of the second world war to the israeli palestinian conflict war in iraq and the terrorism of the present day it will change the way you think about the region not got much time one five and ten minute introductions to key principles to get you started author insights lots of instant help with common problems and quick tips for success based on the author s many years of experience extend your knowledge extra online articles at teachyourself.com to give you a richer understanding things to remember quick refreshers to help you remember the key facts

western civilization began in the middle east judaism and christianity as well as islam were born there for over a millennium the islamic empires were ahead of the west in learning technology and medicine and were militarily far more powerful it took another three hundred centuries for the west to catch up and overtake the middle east why does it seem different now why does osama bin laden see 1918 with the fall of the ottoman empire as the year everything changed these issues are explained in historical detail here in a way that deliberately seeks to go behind the rhetoric to the roots of present conflicts a

brief history of the middle east is essential reading for an intelligent reader wanting to understand what one of the world's key regions is all about fully updated with a new section on the iraq invasion of 2003 the question of iran and the full context of the israeli palestine conflict

this book introduces the politics of the modern middle east which includes the countries of the persian gulf the eastern mediterranean countries and north africa it covers the major geographical regions that make up the middle east and summarizes the post world war i history of the middle east

now in its fourth edition international relations of the middle east provides a thematic overview of the subject combining a history of the region with analysis of key themes actors and conflicts as well as topical material and perspectives

until now we have known very little of the lives of ordinary middle eastern men and women despite extensive research on the modern middle east with this collection of essays the life stories of peasants villagers pastoralists and urbanites can finally be heard no more will our view of the middle east be seen only over the shoulders of the elite these twenty four biographies are drawn from the entire middle east from morocco to afghanistan and provide vantage points from which to understand modern middle eastern history from the bottom up spanning the past 150 years and reflecting important transformations the stories challenge elite centered accounts of what has occurred in the middle east and illuminate hidden corners of a largely unrecorded world the essays divided chronologically provide a comprehensive framework for those unfamiliar with middle eastern social history pre colonial lives covers the period from 1850 until world war i colonial lives chronicles the beginning of european rule and contemporary lives relates the massive changes of the postwar era through them we see how specific ecologies ways of life ethnic class and gender situations can shape individual human action

the fourth edition of this dynamic and popular text provides a comprehensive introduction to contemporary politics in the middle east fully revised and updated throughout it features a new chapter on the arab spring and its aftermath plus a wide range of vibrant case studies data questions for class discussion and suggestions for further reading purposefully employing a clear thematic structure the book begins by introducing key concepts and contentious debates before outlining the impact of colonialism and the rise and relevance of arab nationalism in the region major political issues affecting the middle east are then explored in full these include political economy conflict political islam gender the regional democracy deficit and ethnicity and minorities the book also examines the role of key foreign actors such as the usa russia and the eu and

concludes with an in depth analysis of the arab uprisings and their impact in an era of uncertainty

book is clean and tight no writing in text like new

is the idea of the middle east simply a geopolitical construct conceived by the west to serve particular strategic and economic interests or can we identify geographical historical cultural and political patterns to indicate some sort of internal coherence to this label while the term has achieved common usage no one studying the region has yet addressed whether this conceptualization has real meaning and then articulated what and where the middle east is or is not this volume fills the void offering a diverse set of voices from political and cultural historians to social scientists geographers and political economists to debate the possible manifestations and meanings of the middle east at a time when geopolitical forces social currents and environmental concerns have brought attention to the region this volume examines the very definition and geographic and cultural boundaries of the middle east in an unprecedented way

in this book the author examines the history of the middle east with a special focus on the last 50 years he illuminates the 4 phases of external involvement ottoman european superpower and american that have moulded its evolution

presents an introduction to the middle east and discusses issues of economic political and cultural significance including the arab israeli conflict u s policy the persian gulf oil and islam with profiles of twelve middle eastern countries chronology s of events in the region from 1900 to 2004

iranian and ottoman travelers to japan in the late nineteenth century found a model to admire a culture that was beginning to take its place in the modern world without sacrificing its traditional culture 1905 this collection provides fresh insight into the cross cultural exchange between the crescent and the rising sun in a rapidly changing world linked cultures and the ensuing reciprocal influences in developing eastern modernity against a looming backdrop of western imperial domination

a 2000 year history of a region stretching from libya to central asia concludes with the effects of the gulf war

engagingly written drawing from the author s own research and other studies and stocked with maps and photographs original documents and an abundance of supplementary materials the modern middle east a history will provide both novices and specialists with fresh insights into the events that have shaped history and the debates about them that have absorbed historians pub

desc

this new edition of an introduction to middle east politics continues to provide an expansive survey of middle east politics thoroughly revised and restructured in response to events currently taking place written in a lively and accessible manner macqueen takes students on a tour of the region s modern political history up to the present clearly signposting key events and issues providing comprehensive coverage of all key themes in middle east politics this book covers historical legacies the ottoman empire wwi colonialism and the cold war nationalism and islamist politics authoritarianism in egypt algeria and syria political changes in iran the politics of oil in saudi arabia and the gulf states israel the palestinians and the arab states the syrian conflict including regional ramifications and particular focus on the syrian refugee crisis each chapter includes a timeline learning objectives study questions and annotated further reading and the book finishes with a glossary contemporary and fascinating with dedicated material on culture gender ethnicity and minorities this book is a crucial companion for students of middle east politics
