dr lewis proposes that the evil inherent in the conditions of revelation 20 1 10 precludes its identity with the glorious kingdom of christ which is to come through comparative studies in the old testament the gospels and the epistles he demonstrates that the millennial scene best fits into this present age spanning the time between the first and second comings labeling his view historical millennialism the author offers a fresh form of the older orthodox positions of amillennialism lewis s view however remains distinctive in that he does not spiritualize away the basic features belonging to the thousand years of revelation 20 though written in 1980 this volume continues to fill a present lack among evangelicals for materials to judge fairly the amillennial perspective long held by orthodox churches and great theologians of the past including augustine while interpreters of revelation 20 agree that the millennium will mix good and evil saint and sinners lewis stands among just a few who seriously explore the implications of this fact this new edition also includes an interview with the author that covers his broader dialogue with dispensationalism

and one day we just laugh of our fears i met dana maybe 15 years ago we ve worked together on a project but the project delayed so so much that we ended up becoming friends easy easy we ve started to talk about lots of things especially our lives even details which had to do with intimacy we lost contact by already few years but something still reminds me of her she was the first woman which telling me her life made me understand the woman you see firstly she was married with a guy in norway a wealthy guy unfortunately he was treating her very bad in there she was cheated manipulated offended and actually husband saw her more as a slave than a wife one night she left from that beautiful mansion which meant for her only a hell with a plastic bag with few things in it abandoned the husband but also her child most certainly the experience itself was horrible that dana could abandon her daughter in there and to be honest hearing this story even if we were friends at that time i ve started to judge her i was thinking what type of person is dana if she could abandon her child why she left alone why she didn t took her child also i had lots of questions into my mind but maybe the fears made her act like that and the universe acted nice with her cause later on she found a new man again a wealthy guy they had a good business in paris a beautiful 600 sqm house with swimming pool and garage 2 porsches short story all a couple could dream somehow the story was repeated she was living the same experience again but this time she really had the life she thought she will have first time when she married but again dana surprised me with her perceptions after being cheated many many times in the first marriage dana asked to her second husband to swear in front of god that he will never cheat on her somehow believing him that all will be different than her first marriage but one day dana told me something that really changed my whole perceptions about the woman it was a long talk we ve spoke on the phone that day maybe 2 3 hours somehow laughing she said i ve spoken recently with my husband and i ve just told him that if he will ever cheat on me i just want him to use a condom i said what yes it might happen in france things like that can happen i simply changed my mind i know it can happen and my only request was to use a condom so that i don t get infected with a disease i could not believe it but at that time i was too busy to analyse all that in micro details it was funny how she changed her perceptions extremely funny most probably she became realistic extremely realistic and wise or maybe she allowed her husband what she started to adore doing flirting tasting energies connecting to new souls without believing that this is something bad but being realistic enough she knew that playing this game it might all end up as cheating so she was into that point when she knew that we all have a dark side including her husband including herself but even if the marriage was nice that didn t necessarily meant that betrayal could not happen i was just listening her for hours and indeed i ve

learnt a lot from her but still even today when i analyse all a lot i can t agree with such obviously real case scenarios cause i am not a open minded person i am too utopian in my beliefs in my actions in my writings in all maybe dana was for me a great teacher but i am indeed a stupid student at this school of life
