an a-z guide for graphic designers who want to make expressive and distinctive work offers students novice designers and seasonal professionals an insider's guide to the complexities of current graphic design practice and thinking

theme design can be approached from two angles the first is simplicity sometimes it suits the client and/or the site to go as bare bones as possible in that case it's quick and easy to take a very basic pre-made theme and modify it the second is unique and beautiful occasionally the site's theme needs to be created from scratch so that everything displayed caters to the specific kind of content the site offers this book is going to take you through the unique and beautiful route with the idea that once you know how to create a theme from scratch you'll be more apt at understanding what to look for in other wordpress themes this book can be used by wordpress users or visual designers with no server side scripting or programming experience who are used to working with the common industry standard tools like photoshop and dreamweaver or other popular graphic html and text editors regardless of your web development skill set or level you'll be walked through the clear step by step instructions but familiarity with a broad range of web development skills and wordpress know how will allow you to gain maximum benefit from this book

whether you're a budding blogger or seasoned web designer wordpress is a brilliant tool for creating websites once you know how to tap into its impressive features the latest edition of this jargon free missing manual shows you how to use wordpress 5.0's themes widgets and plug-ins to build just about any kind of site the important stuff you need to know setting up wordpress configure wordpress on your web host or get it running on your home computer create your site get hands on instructions for building all types of websites from blogs to business sites with ecommerce features mix in multimedia add picture galleries slideshows video clips music players and podcasts add features select from thousands of plug-ins to enhance your site's capabilities from contact forms to a basic shopping cart build a truly unique site customize a wordpress theme to create a site that looks exactly the way you want attract an audience use seo site statistics and social sharing to reach more people stay safe use backup and staging tools to protect your content and avoid catastrophe
