thesis m a from the year 2007 in the subject american studies literature grade 2 00 university of göttingen language english abstract let them be sea captains if you will margaret fuller stated in her main work woman in the nineteenth century woman 346 although even nowadays there may be only few female sea captains the quoted statement would hardly provoke anyone at least not someone in our contemporary western culture however when regarded in its historical context two questions arise firstly what underlying gender concept encouraged fuller to make such a statement in a time of excessive gender polarization bomarito vol2 1 a time in which the ideal of domesticity and republican motherhood freedman 25 determined the role of woman and secondly how did antebellum american society react to such statements the first question will be the main issue of part iii the main part of my work i will begin with fuller s general gender concept that involves ideas of androgynity and the degendering davis 182 of language next the major influences on her concept namely those of transcendentalism with special consideration of

emerson goethe fourier and swedenborg will be dealt with lastly i will consider how fuller applied her concept to the specific fields outlined in chapter ii that is marriage education and economy i will concentrate on her main work woman in the nineteenth century because fuller describes her gender concept there in most detail whereas her other works such as summer on the lakes do not contribute much additional information that is of special significance for the understanding of her gender concept this is especially true in the case of her memoirs which was heavily edited and censored by emerson and others it rather distorted fuller s reputation as urbanski states 5 therefore i will only occasionally refer to them whenever they provide further information that is relevant to my topic regarding the second question i will illustrate the historical and cultural background first against which fuller placed her gender concept in order to clarify why her idea of woman w 305 was considered provoking and unconventional in antebellum america i will deal with the traditional gender concept along with its ideals such as femininity republican motherhood and domesticity then i will describe the effect this concept had on marriage evangelical movements education and economy and also with what is considered the initiation of the first women s rights movement in america the seneca falls convention of 1848

mcgraw hill world languages is pleased to announce our collaboration with the northeast conference on the teaching of foreign languages in the publication of their annual conference report commencing with the 2001 report the chapters in beyond the boundaries reflect and comment on the new contexts for language learning that continue to emerge in this country these changes motivated by factors such as changing societal attitude towards language learning globalization of u s economy and increased global awareness include a growing interest in study abroad opportunities community based outreach programs and life long learning beyond the boundaries is ideal for use in teacher education and methods courses or for undergraduate and graduate seminars that deal with issues in language education or language acquisition
