homilists catechists and parents will make excellent use of this book in which the author interweaves spirituality and storytelling to demonstrate the beauty and inspiration of stories

a mere metaphor only symbolic just a myth these tell tale phrases reveal how figurative language has been cheapened and devalued in our modern and postmodern culture in god and the creative imagination paul avis argues the contrary we see that actually metaphor symbol and myth are the key to a real knowledge of god and the sacred avis examines what he calls an alternative tradition stemming from the romantic poets blake wordsworth and keats and drawing on the thought of cleridge and newman and experience in both modern philosophy and science god and the creative imagination intriguingly draws on a number of non theological disciplines from literature to philosophy of science to show us that god is appropriately likened to an artist or poet and that the greatest truths are expressed in an imaginative form anyone wishing to further their understanding of god belief and the imagination will find this an inspiring work

imagination is a gift from god our imagination can either be a blessing in our lives or it can be a curse allowing god into our heart and mind we learn to receive the promises of god this book is my journey of how god turned my life around as i turned away from the sin in my life looking to jesus christ the author and finisher of our faith

too often believers pray for healing but never experience it they pray for prosperity but never receive it why because they don t know how to use a godly imagination correctly they don t see themselves healed they don t see themselves prosperous

they don't see themselves victorious in the power of imagination

in a cinematic culture where multiple visions of reality play at the same time it is critical that christian believers know how to confidently identify and discern among other stories the jesus story that defines their most important commitment in life using the optical metaphor of the eye of faith the author identifies the spiritual life as a visual life through themes such as looking through jesus eyes the bible as a visionary text and the church as a wide eyed people he builds a connecting bridge between the seeing soul in christian spirituality and the twenty first century as the age of the eye the key words for this exploration are spirituality discipleship insight luminescence and optical therapy the author proposes the need for a catechism of the eye that will lead to the renewal of christian ministry spirituality discipleship and identity

an honest faith tackles the thorny question of whether christian faith is compatible with the questing and questioning spirit of philosophy the author argues that a mutually productive friendship between athens philosophy science and jerusalem theology faith is possible and in fact necessary given that various forms of the faith resist questioning and therefore end up holding onto outdated unsupported and damaging beliefs for example on matters of gender and sexuality the author draws upon his own experiences in the conservative anglican diocese of sydney and his teaching career in philosophy to issue a challenge to christians to have an honest faith and not hold back from the quest for answers which lies at the heart of religion philosophy and science the book's first half which can be characterized as an exercise in faith deconstruction lays out a number of the more serious challenges to historic or traditional christian faith while noting its rapid demise in australia the us the uk and throughout the western world the book's second half recommends a careful reconstruction or reformation of the faith

the great christian thinker and author c s lewis said that often it is not teaching that we require occasionally what we need is a reminder of what we already know in this collection of meditations my son nathanael and i hope to remind you of what you already know that we belong to a god that seeks a relationship with us god is not content with our admiration god desires a relationship in which we are eager to know more and to experience more of god s power love and strength for the challenges that we must confront each day intentional time each day engaging god s word in the bible provides fresh inspiration and increases our desire to reach the next concentric circle in our relationship with god

embrace god s divine intentions for you your story began before you were even born you have existed in god s loving wildly creative imagination for all eternity his plans are perfect and his thoughts about you are not limited by time space or any situation you may have wandered away from god s plans you may have suffered soul level injuries that affect your identity you may be hurting from past circumstances or feeling trapped in your current ones there s good news god is still ready to help you realize the wonderful life he has planned for you divine intentions the life you re supposed to live the person god meant you to be takes you on a journey of self discovery through four key concepts rescued restored relabeled and redirected author doug k reed offers hope and direction for those who are searching for answers to their identities in christ while struggling with wounds from the past or present he shares his own personal story of restoration and soul level healing leading readers into the light of god s love

j l schellenberg offers a path to a new kind of religious outlook reflection on our early stage in the evolutionary process leads to skepticism about religion but also offers a new answer to the problem of faith and reason and the possibility of a new evolutionary form of religion

the extra ordinary life is yours to be had if you desire it a life experience with peace that is not dependent on externals such as material possessions pills alcohol endless counseling sessions or other dysfunctional behaviors that ultimately end in despair remember those who ask will receive those who seek will find those who knock will have the door opened asking seeking and knocking are fundamental keys to the extra ordinary life this book will examine the life of christ and attempt to extrapolate from his unique experience to demonstrate how all of us can experience an extra ordinary life a close examination of how imagination and faith combined with the power of our words and thoughts can propel people into new possibilities will be found within the pages of this book to experience continual growth and renewal requires choice my aim is that after reading this book your choice to move into the extra ordinary will be clear and unmistakable a greater life experience is just around the corner for those willing to open their hearts and minds to a new reality a reality where imagination is awakened faith is charged the power of the spoken word is made manifest and thoughts are vivid and then realized in life no longer do you have to be a bystander watching others live their best life have you been cheering others on while crying inside because you felt left behind be encouraged one encounter can change your world because one step toward the extraordinary man who was is and will forever exist can alter your existence my hope is that your life will be forever changed as you begin to experience the extra ordinary that life in christ has to offer
