brian attebery's strategy of fantasy include not only the writer's strategies for inventing believable impossibilities but also the reader's strategies for enjoying challenging and conspiring with the text drawing on a number of current literary theories but avoiding most of their jargon attebery makes a case for fantasy as a significant movement within postmodern literature rather than as a simple exercise of nostalgia attebery examines recent and classic fantasies by Ursula K. Le Guin John Crowley J. R. R. Tolkien Diana Wynne Jones and Gene Wolfe among others in both its popular and postmodern incarnations fantastic fiction exhibits a remarkable capacity for reinventing narrative conventions attebery shows how plots characters settings storytelling frameworks gender divisions and references to cultural texts such as history and science are all called into question the moment the marvelous is admitted into a story

in the early chapters the author sorts out some of the confusion about the term fantasy distinguishing the fantastic as a technique from fantasy as a popular formula and a literary genre looking back to the early reception of Tolkien's trend setting epic fantasy he points out how critical theory at the time was simply unable to account for either the strengths or the weaknesses of the Lord of the Rings by contrast critical methods developed for coping with postmodernist metafiction are shown to apply equally well to the genre of fantasy having worked primarily with older fantasies in his study of the fantasy tradition in American literature Attebery focuses here on important recent examples such as Gene Wolfe's *Book of the New Sun* Suzette Haden Elgin's *Ozark Trilogy* and John Crowley's *Little Big*
