the trading edge how to trade like a winner rickey cheung work is outstanding his book is highly recommended not only for the logic of his systematic approach in developing a trading edge but primarily for the approach he presents in becoming a successful trader his systems have been tracked for over two years now without benefit of hindsight and the results speak for themselves no 1 in the sp s systems in current issue john hill futures truth magazine rickey cheung lays out in plain language a step by step detailed trading plan for anyone who has the thirst and discipline to become a truly successful trader after reviewing literally hundreds of trading systems and methods each year i can say that he has succeeded in producing what seems to be his life s masterpiece his method and style are inspiringly different innovative and unique james r casper founder olive tree capital rickey cheung has created a masterpiece that provides a practical and comprehensive perspective of today s market trading without the promise of a get rich quick scheme it is truly

a great way to make money i am currently using most of the rc systems and will be happy to add more as they become available in my 29 years in this business i have seen virtually every indicator and trading system available nothing however compares to the exceptional work of rickey cheung bravo mike meisner founder fund manager phoenix diversified investment corp in this book rickey cheung demonstrates that to be a successful trader you must hone the skills of your craft by constantly reviewing the data and your performance to find your edge he not only explains what this edge is and how to use it but he also shows you how he discovered it it is this later point that i found most interesting william h gibbs former president university of phoenix

the art of the trade is a searing portrait of the futures and options industry as seen through the eyes of someone who has participated in this arena for more than twenty years on one level it s a brutally honest no punches pulled look at the individuals and institutions that comprise this unique community on another level the art of the trade is a personal story of the challenges author alan jankovsky faced as he battled the markets the brokerage industry and his own early penchant for self destruction

the smartest trades the hottest markets the only book you need you don t have to be a professional trader to win big in the stock market that s what anne marie baiynd learned when she changed her career from neuroscience researcher to full time momentum trader now with her popular website and this brilliant new book she teaches other traders how to master the market using her proven combination of analytics and psychology the trading book shows you how to master the power of technical trading increase profits using probabilities and pattern recognition focus on precision trading for consistent results discover the benefits of waves and fibs embrace the habits of highly effective traders this one of a kind guide goes beyond the numbers and statistics to show you the complex psychology behind the trades from the greatest gains to the hardest losses you ll discover how other traders deal with making counterintuitive decisions how to use technical indicators to identify the momentum and direction of the markets and how to achieve your long term financial goals through discipline dedication and endurance filled with insightful case studies interviews exercises and guidelines for keeping a personal trading journal this is more than a crash course for beginners or an industry guide for experts this is the book on trading praise for the trading book anne marie is an amazing trader who loves to share ideas she knows it makes her smarter and so sharing is not really giving away anything anne marie can explain complex trading ideas in a digestible manner and any level of trader or investor will benefit from this book howard lindzon cofounder and ceo of stocktwits and author of the stocktwits edge the trading book does an outstanding job of offering step by step explanations of trading strategies and methods anyone looking for a clear path to profits in the markets will find the pre trade checklist especially helpful for staying disciplined during the trading day the lessons on reading stock charts are some of the best i ve seen and worth reading multiple times tim bourquin traderinterviews com this excellent book balances trading wisdom psychology common sense and valuable strategies that you can put to work immediately i think that the woman s perspective really adds something that most trading books are missing read this book trust me brian shannon author of technical analysis using multiple timeframes and president of alphetrends net
