time seems to stand still when we share a meal with family and friends or with strangers the concept that food releases a chemical reaction enhancing our capacity for tolerance and understanding is a common thread in the stories of this book they take us from wwii germany to present day europe and america when the author s daughter angie comes home from school

and asks mommy was grandpa a nazi the author wants to find who wants to know and meets with angie s teacher ruth singer who is teaching about the holocaust they have much in common and their love of cooking leads to a lifelong friendship gita s diary is about a polish refugee whose culinary skills help the author s grandmother and her children to survive while the grandfather is in a nazi labor camp in gentiles only ruth singer discovers that in the 1950 s jews are not welcome in some miami beach hotels forbidden love is about silke a norwegian immigrant who falls in love with julian a black man she learns that in the 1970 s racially mixed couples are taboo in america they separate but a cousin s magic cooking reunites them paul an american art student in aix marks the spot abandons his prejudice against the irish when a young irish pastry chef serves him a delicious dessert soon after the 9 11 attack claudia a catholic latina meets azir a muslim on a cruise ship in plain couscous they set aside their religious differences to enjoy each other and claudia s picnic mutti s story and vati s story helped angie to understand her grandparents experiences during wwii the stories recipes are listed at the end of the chapter complete recipes are in the appendix

fictional war narratives often employ haunted battlefields super soldiers time travel the undead and other imaginative elements of science fiction and fantasy this encyclopedia catalogs appearances of the strange and the supernatural found in the war stories of film television novels short stories pulp fiction comic books and video and role playing games categories explore themes of mythology science fiction alternative history superheroes and weird war

louis fisher chronicles the capture trial and punishment of the nazi saboteurs in order to examine the extent to which procedural rights are suspended in time of war one of america s leading constitutional scholars fisher analyzes the political legal and administrative context of the supreme court decision *ex parte quirin* 1942 reconstructing a rush to judgment that has striking relevance to current events fisher contends that the germans constitutional right to a civil trial was hijacked by an ill conceived concentration of power within the presidency overriding essential checks from the supreme court congress and the office of the judge advocate general his book provides a cautionary tale as our nation struggles to balance individual rights and national security book jacket

they were foot soldiers and officers they served in the regular army and the waffen ss and remarkably they were also jewish at least as defined by hitler s infamous race laws pursuing the thread he first unraveled in hitler s jewish soldiers bryan riggs takes a closer look at the experiences of wehrmacht soldiers who were classified as jewish in this long awaited companion volume he presents interviews with twenty one of these men whose stories are both fascinating and disturbing as many as 150 000 jews and partial jews or mischlinge served often with distinction in the german military during world war ii the men interviewed for this volume portray a wide range of experiences some came from military families some had been raised christian revealing in vivid detail how they fought for a government that robbed them of their rights and sent their relatives to extermination camps yet most continued to serve since resistance would have cost them their lives and they mistakenly hoped that by their service they could protect themselves and their families the interviews recount the nature and extent of their dilemma the divided loyalties under which many toiled during the nazi years and afterward and their sobering reflections on religion and the holocaust including what they knew about it at the time riggs relates each individual s experiences following the establishment of hitler s race laws shifting between vivid scenes of combat and the increasingly threatening situation on the home front for these men and their family members their stories reveal the constant tension in their lives how some tried to hide their identities and how a few were even aryanized as part of hitler s effort to retain reliable soldiers including field marshal erhard milch three star general helmut wilberg and naval commander bernhard rogge chilling compelling almost beyond belief these stories depict crises of conscience under the most stressful circumstances lives of hitler s jewish soldiers deepens our understanding of the complex intersection of nazi race laws and german military service both before and during world war ii

on the murderous road to racial purity hitler encountered unexpected detours largely due to his own crazed views and inconsistent policies regarding jewish identity after centuries of jewish assimilation and intermarriage in german society he discovered that eliminating jews from the rest of the population was more difficult than he d anticipated as bryan riggs shows in this provocative new study nowhere was that heinous process more fraught with contradiction and confusion than in the german military contrary to conventional views riggs reveals that a startlingly large number of german military men were classified by the nazis as jews or partial jews mischlinge in the wake of racial laws first enacted in the mid 1930s riggs demonstrates that the actual number was much higher than previously thought perhaps as many as 150 000 men including

decorated veterans and high ranking officers even generals and admirals as rigg fully documents for the first time a great many of these men did not even consider themselves jewish and had embraced the military as a way of life and as devoted patriots eager to serve a revived german nation in turn they had been embraced by the wehrmacht which prior to hitler had given little thought to the race of these men but which was now forced to look deeply into the ancestry of its soldiers the process of investigation and removal however was marred by a highly inconsistent application of nazi law numerous exemptions were made in order to allow a soldier to stay within the ranks or to spare a soldier s parent spouse or other relative from incarceration or far worse hitler s own signature can be found on many of these exemption orders but as the war dragged on nazi politics came to trump military logic even in the face of the wehrmacht s growing manpower needs closing legal loopholes and making it virtually impossible for these soldiers to escape the fate of millions of other victims of the third reich based on a deep and wide ranging research in archival and secondary sources as well as extensive interviews with more than four hundred mischlinge and their relatives rigg s study breaks truly new ground in a crowded field and shows from yet another angle the extremely flawed dishonest demeaning and tragic essence of hitler s rule

this volume contains 22 stories and novellas many appearing in english for the first time among the authors represented are peter handke alfred andersch stefan andres jurgen becker ulla merkewicz elisabeth borchers gisela elsner and max von der grun

thirteen essays treat children from the pre civil war generation to 1950 as active influential participants in society the essays are organized into four topics cultural and regional variation toys and play family life and the ways evolving memories of childhood shape how adults think of themselves

when the german wehrmacht swarmed across eastern europe an elite corps followed close at its heels along with the ss and gestapo the ordnungspolizei or uniformed police played a central role in nazi genocide that until now has been generally neglected by historians of the war beginning with the invasion of poland the uniformed police were charged with following the army to curb resistance pacify the countryside patrol jewish ghettos and generally maintain order in the conquered territories

edward westermann examines how this force emerged as a primary instrument of annihilation responsible for the murder of hundreds of thousands of the third reich s political and racial enemies in hitler s police battalions he reveals how the institutional mindset of these ordinary policemen allowed them to commit atrocities without a second thought to uncover the story of how the german national police were fashioned into a corps of political soldiers westermann reveals initiatives pursued before the war by heinrich himmler and kurt daluege to create a culture within the existing police forces that fostered anti semitism and anti communism as institutional norms challenging prevailing interpretations of german culture westermann draws on extensive archival research including the testimony of former policemen to illuminate this transformation and the callous organizational culture that emerged purged of dissidents indoctrinated to idolize hitler and trained in military combat these police battalions often numbering several hundred men repeatedly conducted actions against jews slavs gypsies asocials and other groups on their own initiative even when they had the choice not to in addition to documenting these atrocities westermann examines cooperation between the ordnungspolizei and the ss and gestapo and the close relationship between police and wehrmacht in the conduct of the anti partisan campaign of annihilation throughout westermann stresses the importance of ideological indoctrination and organizational initiatives within specific groups it was the organizational culture of the uniformed police he maintains and not german culture in general that led these men to commit genocide hitler s police battalions provides the most complete and comprehensive study to date of this neglected branch of himmler s ss and police empire and adds a new dimension to our understanding of the holocaust and the war on the eastern front

some issues include separately paged sections better management physical theatre extra profits review servisection

a comprehensive filmography listing fictional narrative films in the first volume and documentary and propaganda films in the second the films listed alphabetically were produced in many different countries the work lists films made during world war ii and after including nazi films each entry provides bibliographic information a summary of the story and a list of primary and secondary sources each volume contains a few spotlight essays partial contents
