in the past twenty years the study of urban politics has shifted from a predominant concern with political culture and ethos to a preoccupation with political economy particularly that of urban development urban scholars have come to recognize that cities are shaped by forces beyond their boundaries from that focus have emerged the views that cities are clearly engaged in economic competition that market processes are shaped by national policy decisions sometimes intentionally and sometimes inadvertently and that the costs and benefits of economic growth are unevenly distributed but what else needs to be said about the policies and politics of urban development to supplement prevailing theories the politics of urban development argues that the role of local actors in making development decisions merits closer study whatever the structural constraints politics still matters collectively the essays provide ample evidence that local government officials and other community actors do not simply follow the imperatives that derive from the national political economy they are able to assert a significant degree of influence over the shared destiny of an urban population the impact of the collection is to heighten awareness of local political practices and of how and why they make a difference

this handbook provides a global overview of the design implementation and assessment of academic development centers within higher education institutions the current nature of our

complex rapidly changing world makes it imperative that colleges and universities worldwide find ways to educate their students in new and better ways this is reflected in a change in focus from teaching and testing to maximizing student learning in line with the core mission of adcs to ensure students achieve the best possible learning outcomes this handbook builds on this transformation as well as the foundational adc structure and programming guidelines established by the professional and organizational development network to offer a comprehensive exploration of professional development in the sector this handbook is global in scale and comprehensive in scope addressing various key topics such as organizational structure and leadership funding and program design it calls for professors and academics to reflect on and adapt their methods of teaching independent to their research and provides helpful frameworks and case studies for researchers designing centers or seeking models for additional programs

in this book the editors hope to present you with the latest research and thinking to help you better appreciate the complex interactions that characterize human development in infancy and childhood they have placed emphasis on important contemporary issues and challenges exploring topics such as understanding development in the context of current societal and cultural influences attention is given to articles that also discuss effective practical applications the editors hope that this anthology will serve as a catalyst to help students become more effective future professionals and parents pref
