this edited volume the first book devoted to the topic of contract cheating brings together the perspectives of leading scholars presenting novel research contract cheating describes the outsourcing of students assessments to third parties such that the assignments or exams students submit are not their own work while research in this area has grown over the past five years the phenomenon has been exacerbated by the covid 19 pandemic themes addressed in this book include the definition of contract cheating its prevalence in higher education and what motivates students to engage in it chapter authors also consider various interventions that can be used to address contract cheating s threat to academic integrity in higher education including assessment practice education detection strategies policy design and legal interventions

in the rapidly evolving landscape of education 5 o educators and institutions grapple with unprecedented challenges in leveraging digital technologies to enhance teaching learning and assessment the profound shift towards a more humanized educational experience focusing on social and emotional growth alongside skill development demands a paradigmatic transformation however a palpable gap exists in understanding and navigating the complexities of this digital transition educators students and administrators are left facing dilemmas related to pedagogical innovation technology integration and effective learning assessment in the digital age enter teaching and assessment in the era of education 5 o a definitive guide poised to bridge the gap between the challenges posed by education 5 o and actionable solutions the current educational milieu faces a conundrum as it attempts to adapt to the tenets of education 5 o the digital transition poses challenges from incorporating immersive technologies to understanding the attitudes of educators

and students towards digitization furthermore the design and implementation of training and distance learning systems require a nuanced approach calling for engineering expertise in training pedagogy and tutoring the assessment landscape crucial for gauging the effectiveness of learning in the digital era grapples with contemporary trends ethical considerations and the ever present specter of plagiarism this multifaceted challenge necessitates a comprehensive resource that not only delineates the issues but offers actionable solutions to navigate this transformative journey

bringing together international authors to examine how diversity and inclusion impact assessment in higher education this book provides educators with the knowledge and understanding required to transform practices so that they are more equitable and inclusive of diverse learners assessment drives learning and determines who succeeds assessment for inclusion in higher education is written to ensure that no student is unfairly or unnecessarily disadvantaged by the design or delivery of assessment the chapters are structured according to three themes 1 macro contexts of assessment for inclusion societal and cultural perspectives 2 meso contexts of assessment for inclusion institutional and community perspectives and 3 micro contexts of assessment for inclusion educators students and interpersonal perspectives these three levels are used to identify new ways of mobilising the sector towards assessment for inclusion in a systematic and scholarly way this book is essential reading for those in higher education who design and deliver assessment as well as researchers and postgraduate students exploring assessment equity and inclusive pedagogy creative commons attribution non commercial no derivatives 4 0 license

this book aims to assess the experience of education during covid 19 pandemic and explore the future of application of technologies and artificial intelligence in education education delivery requires the support of new technologies such as artificial intelligence ai the internet of things iot big data and machine learning to fight and aspire to new diseases the academic community and those interested in education agree that education after the corona pandemic will not be the

same as before the book also questions the role of accreditation bodies e g aacsb etc to ensure the effectiveness and efficiency of technology tools in achieving distinguished education in times of crisis

this edited book collection offers strong theoretical and philosophical insight into how digital platforms and their constituent algorithms interact with belief systems to achieve deception and how related vices such as lies bullshit misinformation disinformation and ignorance contribute to deception this inter disciplinary collection explores how we can better understand and respond to these problematic practices the epistemology of deceit in a postdigital era dupery by design will be of interest to anyone concerned with deception in a postdigital era including fake news and propaganda online the election of populist governments across the world has raised concerns that fake news in online platforms is undermining the legitimacy of the press the democratic process and the authority of sources such as science the social sciences and qualified experts the global reach of google youtube twitter facebook and other platforms has shown that they can be used to create and spread fake and misleading news quickly and without control these platforms operate and thrive in an increasingly balkanised media eco system where networks of users will predominantly access and consume information that conforms to their existing worldviews conflicting positions even if relevant and authoritative are suppressed or overlooked in everyday digital information consumption digital platforms have contributed to the prolific spread of false information enabled ignorance in online news consumers and fostered confusion over determining fact from fiction the collection explores deception what it is and how its proliferation is achieved in online platforms truth and the appearance of truth and the role digital technologies play in pretending to represent truth how we can counter these vices to protect ourselves and our institutions from their potentially baneful effects chapter 15 is available open access under a creative commons attribution 4 0 international license via link springer com

academia s digital voice a conversation on 21st century higher education provides critical information on an area that

needs particular attention given the rapid introduction and immersion into digital technologies that took place during the pandemic including quality assurance and assessment sections discuss the rapid changes called into question as student mobility pedagogical readiness of academics technological readiness of institutions student readiness to adopt online learning the value of higher education the value of distance learning and the changing role of administration and faculty were thrust upon institutions the unprecedented speed of international lockdowns caused by the pandemic necessitated heis to make rapid changes in both teaching and assessment approaches the quality of these and sacrosanctity of the academic voice has long been the central tenet of higher education while history is replete with challenges to this the current rapid shift to online education may represent the greatest threat and opportunity so far focuses on the academic voice in hei presents an authentic message and mode for the new world we live in post covid includes a section on academic predictions for higher education institutions

while online learning was an existing practice the covid 19 pandemic greatly accelerated its capabilities and forced educational organizations to swiftly introduce online learning for all units though schools will not always be faced with forced online learning it is apparent that there are clear advantages and disadvantages to this teaching method with its usage in the future cemented as such it is imperative that methods for measuring and assessing the effectiveness of online and blended learning are examined in order to improve outcomes and future practices measurement methodologies to assess the effectiveness of global online learning aims to assess the effectiveness of online teaching and learning in normal and pandemic situations by addressing challenges and opportunities of adoption of online platforms as well as effective learning strategies investigating the best pedagogical practices in digital learning questioning how to improve student motivation and performance and managing and measuring academic workloads online covering a wide range of topics such as the future of education and digital literacy it is ideal for teachers instructional designers curriculum developers educational software developers academics researchers and students

this open access book presents original contributions and thought leadership on academic integrity from a variety of canadian scholars it showcases how our understanding and support for academic integrity have progressed while pointing out areas urgently requiring more attention firmly grounded in the scholarly literature globally it engages with the experience of local practicioners it presents aspects of academic integrity that is specific to canada such as the existence of an honour culture rather than relying on an honour code it also includes indigenous voices and perspectives that challenge traditional understandings of intellectual property as well as new understandings that have arisen as a consequence of covid 19 and the significant shift to online and remote learning this book will be of interest to senior university and college administrators who are interested in ensuring the integrity of their institutions it will also be of interest to those implementing university and college policy as well as those who support students in their scholarly work

a riveting investigation into a school a scam and a notorious college admissions scandal that exposes the inequalities and racial segregation of american education from two award winning new york times journalists t m landry college prep a small private school in breaux bridge louisiana boasted a 100 percent college acceptance rate placing students at nearly every ivy league university in the country the spectacle of landry students opening their acceptance letters to harvard and yale was broadcast on television and even celebrated by michelle obama it became a national ritual to watch the miraculous success of these youngsters miraculous because breaux bridge is one of the poorest counties in the country ranked close to the bottom for test scores and high school graduation rates t m landry was said to be minting prodigies and the prodigies were often black how did the school do it it didn t it was a scam pulled off with fake transcripts and personal essays telling fake stories of triumph over adversity worse landry s success concealed a nightmare of alleged abuse and coercion in a yearslong investigation katie benner and erica l green explored the lives of the students the school the town and ivy league admissions to understand why black teens were pressured to trade in racial stereotypes of hardship for opportunity gripping and illuminating miracle children argues that the lesson of t m landry is not that the

school gamed the system but that it played by the rules that its deceptions and abuses were the outcome of segregated schools inequitable education and the belief that elite colleges are the nation s last path to life changing economic opportunity

vols 1 8 31 contain judicial decisions of the commissioner of education and formal opinions of counsel with decisions of motion picture commissioner and decisions of textbook commission v 9 30 contain judicial decisions of the commissioner of education
