the lack of academic references on geothermal law is my primary motivation to write this book to provide insight for the academic world lecturers students activists government officials and the public interested in energy issues particularly geothermal this book will provide comprehensive references in geothermal law and policy including a global perspective of energy geothermal potential in indonesia borderless concept of geothermal management challenges in geothermal utilisation in the country and a comparative perspective of geothermal utilisation in new zealand it also highlighted reformulation geothermal legal formation

this book examines the crisis in ukraine through the lens of triangular diplomacy which focuses on the multiple interactions among the european union the united states and russia it is explicitly comparative considering how the us and eu responded to ostensibly the same crisis it also adopts a 360 degree perspective focusing on how the us and eu interacted in their dealings with russia and how russia and ukraine have responded chapters focus on each of the four protagonists the eu the us russia and ukraine and on key cross cutting aspects of the crisis sanctions international law and energy the book thus contrasts a conventional if exceptional great power the us with a very non traditional foreign policy actor the eu it would be suitable for both undergraduate and graduate courses on the eu s external policies and engagement in world affairs eu us relations eu russia interactions or regional security issues

this book examines the ability of citizens across ten european countries to exercise their democratic rights to access their personal data it presents a socio legal research project with the researchers acting as citizens or data subjects and using ethnographic data collection methods the research presented here evidences a myriad of strategies and discourses employed by a range of public and private sector organizations as they obstruct and restrict citizens attempts to exercise their informational rights the book also provides an up to date legal analysis of legal frameworks across europe concerning access

rights and makes several policy recommendations in the area of informational rights it provides a unique and unparalleled study of the law in action which uncovered the obstacles that citizens encounter if they try to find out what personal data public and private sector organisations collect and store about them how they process it and with whom they share it these are simple questions to ask and the right to do so is enshrined in law but getting answers to these questions was met by a raft of strategies which effectively denied citizens their rights the book documents in rich ethnographic detail the manner in which these discourses of denial played out in the ten countries involved and explores in depth the implications for policy and regulatory reform

archival snapshot of entire looseleaf code of massachusetts regulations held by the social law library of massachusetts as of january 2020

a study of some of baseball's best worst decisions what motivated them what can be learned from them and how they shaped the game law's take is as entertaining as it is informative this intelligent and accessible work is a grand slam publishers weekly starred review baseball is a sport of decisions some are small and seemingly routine what pitch to throw when to pull a pitcher from a game while others when to trade the best prospects in baseball for a chance to win now or when to offer hundreds of millions of dollars to a twenty eight year old superstar are so big they can determine the future of a franchise with choices like these the science of decision making has long shaped the behavior of players managers and entire baseball organizations while some of their decisions show clear motivations others leave us with the age old fan question what were they thinking blending behavioral science baseball lore and data driven analysis author keith law tackles some of the sport's most iconic blunders missteps and head scratchers showing how these bad calls have their roots in all too common real world behavior and feature the kinds of misjudgments we frequently encounter in our everyday lives whether it's the harm of always relying on the status quo to produce the right result or using recent good events to predict the future bad decisions that plague us in life often find their way to the baseball diamond with disastrous results the inside game is a lively entertaining book that challenges some of baseball's most accepted dogmas and presents a new way to appreciate the game's success as well as its failures the inside game addresses why life explains baseball inside these pages the senior baseball writer for the athletic website examines the assumptions that animate baseball both on the field and in the opinionated realms of fandom wall street journal in a market saturated with baseball books law's stands out by exploring key decisions in the game highly recommended for serious followers of baseball and readers interested in how statistical analysis and trends can be applied in any sport library journal
