the fourth edition of this popular text covers an even greater number of contemporary social problems including welfare and health care reform types of sexual harassment

immigration problems and physician assisted suicide unlike other social problems texts a major focus of this book is to present proposals and programs that have been advanced to attempt to alleviate each of the social problems reviewed this text is organized to cover material in this sequence first deviances and social variations experienced by individuals then inequality problems experienced by certain groups next problems of troubled institutions and finally problems of the changing world this progression from individual problems to more complex problems assists the reader in grasping and understanding increasingly complex material

for the past thirty years i have been teaching studying and researching social problems in the us the topics have always been challenging and fascinating while at the same time they have been frustrating and often disappointing i always found examples of social programs that were effective at targeting a specific aspect of a complex problem but too often these extraordinary ideas were applied beyond their capacity then once the program failed to be a panacea policymakers discounted the actual value of the program in its original design i felt a similar frustration when enormous resources were dedicated to programs that while politically popular had little chance at succeeding because they were based on inaccurate assessments of the problem it is easy to see why students might feel that a social problems course offers little encouragement to find solutions when i had the opportunity to write a comprehensive social problems textbook for oxford university press i was presented with a moment to frame the issues in an objective way to explain clearly and effectively not only the nature and complexity of specific social problems but how sociological theory is a useful lens through which these problems can be understood i also had the chance to point out that there are in fact solutions that work as i tell my students the question is not really what caused the problem we know these are social problems and that means they have social causes the interesting question is what we are willing as a society to do about them

this up to date and accessible text fills an important gap in the market by introducing students to social policy perspectives on social problems written in an accessible student friendly style using subheadings boxed material tables and up to date examples each chapter includes a brief outline of the issues to be explored and question sections to help learning develop evaluative skills and encourage project work includes an annotated guide to further reading helpful internet addresses and a bibliography of

sources cited chapters can be used independently or in conjunction with others addressing related questions

ritzer's handbook of social problems offers a comprehensive treatment of today's major societal issues the articles are authored by some of the top scholars in the field and address problem areas that will capture the interests of students and professors alike the international coverage is most welcome in this time of intensifying global inequalities nancy jurik arizona state university the handbook of social problems a comparative international perspective provides a unique broadly comparative perspective on the current state of social problems and deviance in a variety of societies around the world editor george ritzer along with leading u.s. and international sociologists examines the relationship between social problems and a society's level of development and affluence the essays in this volume focus on four interrelated issues involved in the relationship between social problems and the level of development and affluence less developed and less affluent societies are more likely to experience a range of social problems than developed and affluent societies affluence causes or at least brings with it a series of social problems that do not exist in less affluent societies it is only with affluence that certain things can come to be imagined as social problems such as excessive consumption the very affluence of a society makes it vulnerable to problems that would not be social problems in poorer societies the handbook explores the theory of the weakness of the strong in other words strong or wealthy nations may have greater vulnerability to some social problems than less developed or affluent societies this theory is clearly illustrated in this volume by the aftermath of september 11 2001 depicting the vulnerability of the u.s. to social problems in far removed corners of the world in addition the international and comparative essays in this volume cover other important issues such as the impact of modern technologies on social problems ecological problems global inequality health as a social problem and much more the handbook of social problems is a vital resource for sociologists and graduate students as well as an excellent addition to any academic library

popular culture is more than just a broad term for entertainment and frivolous diversions it is also highly relevant to our understanding of society this exciting book is the first to offer insights into the important but often overlooked relationship between popular culture and social problems drawing on historical and topical examples the authors apply an innovative theoretical framework to examine how facets of popular culture from movies and music to toys games billboards bumper stickers and bracelets shape

how we think about and respond to social issues such as problems of gender sexuality and race including student features evocative case studies and access to online material this book will help students explore and understand the essential connection between popular culture and social problems deftly combining the fun and irreverence of popular culture with critical scholarly inquiry this timely book delivers an engaging account of how our interactions with and consumption of popular culture matter far more than we may think

this collection of focused essays is directed at several levels of students of social problems it is accessible to the uninitiated who are not familiar with the constructionist literature and aimed at those who are not particularly interested in subtle theoretical and empirical issues of concern to academics studying social problems from constructionist perspectives some readings focus on the construction of problems by scientists and other professionals others examine the work of social activists mass media and social service personnel among the topics included are studies of social inequalities and individual deviance a comparison of the images of social problems in the united states with those in other countries and an examination of the importance of politics and power in constructing public images of social problems constructionist perspectives have become the leading theoretical approach for sociology and allied fields in studying social problems yet constructionists impact on the teaching of social problems has been far less dramatic undergraduate courses on social problems are often subject to a theoretical barrage of eclectic perspectives just as the first social problems textbooks did almost a century ago textbooks continue to present a series of unrelated chapters each devoted to a particular social problem social problems is an effort at systematic analysis rather than random thought on the subject social problems presents detailed case studies demonstrating how constructionist perspectives can actually be applied to understand particular social problems while these articles can be read alone the editors have organized these selections to correspond with the chapter topics in the second edition of donileen loseke's thinking about social problems an accessible introduction to constructionist approaches at the same time some instructors who use this edited collection might wish to provide their own mix to the selection process many of the contributions make multiple points and so reasonably could be used to illustrate other basic texts or classic studies in the field of social problems donileen r loseke is professor of sociology at the university of south florida joel

best is professor and chair department of sociology and criminal justice university of delaware he has also served as an advisory editor for aldine in the area of social problems

modern society is beset by a vast range of problems such as poverty homelessness and terrorism that cause immense suffering for a significant number of people these social problems both reflect and contribute to wider inequalities consequently in order to develop a true understanding of them we must consider the social injustices with which they are inextricably linked in this ground breaking text neil thompson turns his attention to the range of complex issues relating to social problems and social justice and the relationship between them with the help of engaging features that have become synonymous with his books thompson provides a clear exploration of some key social problems currently challenging us analysis of the connection between social problems and social justice and a review of how social policy initiatives to tackle these issues have fared to date innovative and absorbing social problems and social justice is essential reading for students and practitioners across a wide range of social science disciplines and the social professions

although students and scholars of social problems have often acknowledged the role of religion no thorough examinations of the relation between the two have emerged this book fills this gap by providing a definitive work on the impact of religion on social problems religion as a solution to social problems and religion as a social problem in itself

now in its seventh edition the study of social problems uses seven sociological perspectives social pathology social disorganization value conflict deviant behavior labeling the critical perspective and social constructionism to examine social problems focusing on theory this critically acclaimed anthology distinguishes itself from other texts which are organized topically each section opens with an overview of the perspective s major contributors its history and its main characteristics and closes with a critique of the perspective and questions for discussion thirty six readings drawn from a wide range of primary sources illustrate and expand upon the key elements of each approach the seventh edition features updated textual material readings and annotated references ten new contemporary selections cover the pathology of everyday life

sexual education and value conflict self injury and differential association the stigma of charity attacks on labeling theory capitalism and the problems of class race and gender state corporate crime changing constructions of rape immigration and terrorism as a social problem long a standard in its field the study of social problems seventh edition is an affordable comprehensive and indispensable volume for social problems courses

each chapter in this innovative social problems text is written by a specialist or pair of specialists from appropriate subfields within sociology the typical single author approach is limiting given the complexity of the contemporary issues surrounding each social problem discussed involving many content experts ensures that the theories research and examples used in each chapter will be as current and relevant as possible chapters open with personal statements from the contributing authors discussing how they got involved with studying the problem they are writing about javier Trevino serves as the general editor making sure that each author follows the chapter template and maintains a consistency in level and style

budding with new insight this top selling proactive book probes the nature and causes of each major social problem confronting citizens today and with historical and multicultural sensitivity delves into the social control and social action issues inherent to each particular problem balancing viewpoints and supporting material with research and policy each chapter covers topics in a micro to macro format pointing out the interrelationships among today's social problems and the possibility of approaching them from several perspectives chapter topics include sociological perspectives on social problems problems of physical health mental illness sex related social problems alcohol and other drugs crime and criminals violence poverty amid affluence racism prejudice and discrimination sex roles and inequality an aging society the changing family problems of education problems of work and the economy urban problems population and immigration technology and the environment and war and terrorism for individuals looking to understand today's social problems and help solve them

karl pearson's social problems delves into the root causes of social issues and proposes solutions for these problems pearson brings together his extensive research in

sociology and his personal experience to present a compelling and relevant analysis of society's most pressing issues this book is essential reading for anyone interested in understanding the complexities of social problems and working towards a more just world this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

this book is an economical introduction to social problems with a built in study guide emphasizing an applied approach that looks at the interplay between research and policy in finding solutions this book explores the nature and extent of social problems documents the advances and setbacks that we as a society have made and analyzes what works and what doesn't work regarding solutions to today's problems this straightforward book helps readers study this constantly changing field by applying social science research to the solutions of some of the most difficult and controversial problems confronting the united states and the world today designed for those interested in social problems sociology or social sciences

from terrorism to social inequality and from health care to environmental issues social problems affect us all the encyclopedia will offer an interdisciplinary perspective into these and many other social problems that are a continuing concern in our lives whether we confront them on a personal local regional national or global level

completely rewritten and simplified for the undergraduate the second edition of this anthology of readings describes five major perspectives on social problems social pathology social disorganization value conflict deviant behavior and labeling and illustrates how each has been applied stimulating in its conceptualization of social problems it enables students to generate possible solutions based on established sociological principles and to critically evaluate proposals by others
