empowering women through italy s recovery and resilience plan provides a comprehensive examination of women s empowerment within the framework of italy s recovery and resilience plan pnrr

derived from the renowned multi volume international encyclopaedia of laws this practical analysis of competition law and its interpretation in the italy covers every aspect of the subject the various forms of restrictive agreements and abuse of dominance prohibited by law and the rules on merger control tests of illegality filing obligations administrative investigation and enforcement procedures civil remedies and criminal penalties and raising challenges to administrative decisions lawyers who handle transnational commercial transactions will appreciate the explanation of fundamental differences in procedure from one legal system to another as well as the international aspects of competition law throughout the book the treatment emphasizes enforcement with relevant cases analysed where appropriate an informative introductory chapter provides detailed information on the economic legal and historical background including national and international sources scope of application an overview of substantive provisions and main notions and a comprehensive description of the enforcement system including private enforcement the book proceeds to a detailed analysis of substantive prohibitions including cartels and other horizontal agreements vertical restraints the various types of

abusive conduct by the dominant firms and the appraisal of concentrations and then goes on to the administrative enforcement of competition law with a focus on the antitrust authorities powers of investigation and the right of defence of suspected companies this part also covers voluntary merger notifications and clearance decisions as well as a description of the judicial review of administrative decisions its succinct yet scholarly nature as well as the practical quality of the information it provides make this book a valuable time saving tool for business and legal professionals alike lawyers representing parties with interests in the Italy will welcome this very useful guide and academics and researchers will appreciate its value in the study of international and comparative competition law

this innovative study of the role of competition law in the telecommunications industry starts from a classic perspective while in principle regulation benefits social welfare and efficient allocation of resources past regulatory experience shows that regulation can be flawed and lead to welfare harm rather than good in the telecommunications industry specifically inappropriately designed sector specific remedies and regulatory delays in the introduction of new telecommunications services can hold up the development of the market towards effective competition and could incur considerable welfare losses in addition conventional antitrust analysis still lags behind the dynamic nature of the electronic communications markets Milena Stoyanova sets out to establish a new understanding of the role of sector specific regulation and competition law enforcement in the electronic communications sector addressing such questions as the following and why a new regulatory framework and are sectoral regulation and competition law enforcement mutually exclusive or complementary and why should electronic communications markets be regulated to conform to competition law principles and what does competition law add to sector specific regulation and what is the relationship or proportion between regulation and competition law enforcement an overview of the telecommunications liberalization process initiated at European Community level reveals such problems as a divergent approach of national regulatory authorities in the application of one and the same norms inability of competition authorities to rightly assess the technicalities underlying a competition problem and difficulty in carrying out a periodical oversight of compliance with the competition law remedies the author discusses the legal basis and rationale for the application of the essential facility doctrine to the electronic communications sector and argues for new regulatory responses to the emergence of collective dominant firms in an oligopolistic setting and to the potential of multifirm conduct to restrict competition through price squeezing and other tactics the book concludes with a specific case study on the harmonisation of recent Bulgarian legislation with the European Community sector specific and competition law regimes andà propos the electronic communications sector effective competition in the electronic communications market is crucial for securing the dynamic role of the entire information and communications technologies sector of which electronic communications form the largest segment the sound and well informed recommendations in this book ably address common and persistent problems making competition problems in liberalized telecommunications a forward looking mainstay for practitioners and other professionals involved in all aspects of the field

this compilation serves a particularly useful purpose by presenting a full range of fascinating case studies the editor thus enables each reader to assimilate the particulars in his own parlance thus avoiding the almost insoluble problem of international corporate governance namely that each country uses the same words but with utterly different meanings obviously this problem has inhibited constructive conversation after digesting these case studies one is encouraged to derive certain generalized conclusions among

which are no matter what the terminology the integrity of publicly traded securities depends on transparency and enforceable accountability of manager to owner robert monks lens governance advisors us this collection of thoroughly researched and well written case studies of the governance of companies in nine countries demonstrates how far away we are from convergence in corporate governance systems differences in ownership structures board composition financial markets accounting standards takeover defences legal systems societal and corporate cultures and even political involvement are highlighted in this splendid collection the book demonstrates the importance of the few core concepts that are emerging in the field such as greater transparency independence in non executive directors and the need for more effective governance the consideration of case studies is presently the best way to understand the reality of corporate governance around the world this book offers valuable insights to students teachers and practitioners of the subject r i bob tricker honorary professor university of hong kong and founder editor corporate governance an international review corporate governance has become a global phenomenon this book highlights through various case studies how corporate governance has evolved in a number of countries around the world the international cast of contributors from varying professional backgrounds including academics lawyers and company directors focus on different regions around the globe reflecting various ownership structures legal systems and political and cultural aspirations some of the case studies used include standard life telecom italia and eskom academics directors and practitioners will find this book valuable for its insights into corporate governance developments in different legal environments and different business forms it will also be immensely useful to postgraduate and undergraduate students for the up to date case studies on corporate governance which will add depth and real world meaning to their studies

this book gathers national and international reports from around the globe on key issues in the field of antitrust and intellectual property its first part discusses to what extent competition law should be concerned with differences in prices terms and conditions or quality that suppliers offer different purchasers a detailed international report explores the major trends and challenges in this field and provides an excellent comparative study on this complex and challenging subject in turn the second part examines whether there should be legal restrictions on the ability of persons who claim without sufficient justification to hold ip rights that have been infringed on to bring or to threaten to bring legal proceedings based on such claims against their competitors or others in this regard the book brings together the current legal responses across a number of european countries and elsewhere in the world all summarised and elaborated on in an international report the book also includes the resolutions passed by the general assembly of the international league of competition law lidc following debates on each of these topics which include proposed solutions and recommendations the lidc is a long standing international association that focuses on the interface between competition law and intellectual property law including unfair competition issues

the private enforcement of competition law through damages actions and or injunctions before ordinary courts of justice is currently the preferred system in the united states it is playing an increasingly important role in europe by supplementing a still predominantly public system based on disciplinary rules enforced by public authorities that do not entail compensation for victims compensation can only be achieved through private enforcement which is already viewed as an alternative to the public system this work whose origins lie in the international conference on the private enforcement of competition law held at the university of valladolid s school of law offers a comprehensive pluralist overview of the subject by providing transversal approaches joint assessment

and information on various national experiences alongside more specific contributions that study specific matters of substantive and procedural law by covering practically all the relevant issues in this field the work also addresses the main problems of the system vis à vis private international law and its connection and interaction with public enforcement also available in spanish language with the title la aplicación privada del derecho de la competencia
