a riveting and touching memoir about the understanding one's cultural identity from pastor business leader and innovator dave gibbons makoto fujimura a surprising diagnosis of ptsd led dave gibbons to look to his past for clues to explain the unexpected result born to an american soldier and a korean mother in the wake of the korean war dave has spent his life struggling to blend his korean roots and his american upbringing the family joins a conservative church that

embraces a strict rule based faith and they try to navigate life as one of the few mixed raced families in their community but when tragedy strikes tearing the family apart dave is forced to face long buried secrets that he can no longer ignore as he explores his family s difficult past he confronts his own pain and the persistent feelings of not quite fitting in either in america or his mother s home country and when a dna test ultimately reveals a truth that shatters everything he understood about his history he is forced to confront the traumas he unknowingly carried the shape of my eyes beautifully weaves historic reference points of the oppression and discrimination against asian americans with dave s own personal story dave s wrestling with belonging in his family in america and in the church creates a raw thought provoking memoir about race religion and finding home

how well do we know our vocational purpose how do our life circumstances cause us to reconsider our vocational purpose how can we know if we are living the life to which god is calling us this book tells the story of author richard ray as he searches for answers to these questions while making a pilgrimage to the shrine of st james on the camino de santiago human beings have sought meaning for their lives through transcendent experiences for thousands of years the pilgrimage is one such transcendent experience a practice that has a place in all of the world s great religions the act of pilgrimage is many things to many pilgrims retreat extended prayer penance for sins an opening to spiritual or religious conversion this book provides readers with an opportunity to learn more about pilgrims and pilgrimage including historical religious cultural artistic and economic perspectives all through the journey of an experienced pilgrim readers will perhaps begin to frame their worldview through the lens of pilgrimage and to conceive of their lives as purposeful journeys to god

who has not seen a picture of the great pyramid of egypt massive in size but deceptively simple in shape and not wondered how that shape was determined starting in the late eighteenth century eleven main theories were proposed to explain the shape of the great pyramid even though some of these theories are well known there has never been a detailed examination of their origins and dissemination twenty years of research using original and difficult to obtain source material has allowed roger herz fischler to piece together the intriguing story of these theories archaeological evidence and ancient egyptian mathematical texts are discussed in order to place the theories in their proper historical context the theories themselves are examined not as abstract mathematical discourses but as writings by individual authors both

well known and obscure who were influenced by the intellectual and social climate of their time among results discussed are the close links of some of the pyramid theories with other theories such as the theory of evolution as well as the relationship between the pyramid theories and the struggle against the introduction of the metric system of special note is the chapter examining how some theories spread whereas others were rejected this book has been written to be accessible to a wide audience yet four appendixes detailed endnotes and an exhaustive bibliography provide specialists with the references expected in a scholarly work
