designed especially for those who've known Christ and been in a church for a few years this self assessment helps the believer see they must continue growing and deal with any ungodly strongholds that stand in their way

standard edition

new Christians always face the challenge of trying to process and understand an overwhelming amount of material from the Bible trying to put it all together and grow to spiritual maturity takes time and patience but it can seem daunting at first more mature Christians face the challenge of keeping themselves grounded in the foundational principles that allowed them to grow in the first place there is a place for reminders for going back to the foundations and making sure that what we are currently

building on is secure contents include introduction 1 meet the bible 2 follow god s plan in history 3 grow in christ 4 cherish salvation by grace 5 hope in the power of christ s resurrection 6 prepare to worship god 7 partake of the lord s supper 8 know the church part 1 9 know the church part 2 10 learn to love 11 anticipate the coming of jesus 12 appreciate the holy spirit 13 let your light shine basic glossary basic bible timeline synopses of bible books

when we become christians we consciously repent of our bad habits a promise to make a 180 turn from habits that displease god toward habits that please him we do this through and by faith alone yet faith alone does not suddenly make good our promise it is our faith that gives us the reason to act upon our promise but our action is still needed so how do we put action into our plan how do we rid ourselves of these bad habits and substitute habits that are in god s will this book will help you do just that create a lifestyle of doing god s will you will learn how to develop a lifestyle of greater respect for god love god with all of your being learn to love and care for others witness in a way that takes your personality and abilities into account develop a lifestyle where bible study is a throughout the day activity and that s why this book is called let s get growing christians it s about practically applying plans of action to get you growing as a christian living a life of doing god s will

growth is essential to faith our individual development is precious to god who gave us our unique talents and self awareness the parable of the talents teaches us that god wants us to make the most of our own true selves he wants us to grow more loving more caring and more sympathetically aware of the needs of others

discipleship is fundamental to the christian experience jesus called and trained his disciples and commissioned them to go and make disciples of others matthew 28 19 20 that command compels christians today and is the primary task of the church this course is designed to help you fulfill christ s call to come and follow me matthew 16 24 these 34 lessons provide the foundational beliefs and behaviors of a mature disciple even though this course was created for new christians those who have not been intentionally discipled will grow through these lessons you can use this as a foundation for your own personal bible study or better yet study with another christian or in a group of fellow believers to grow in your knowledge of the bible and live as mature disciples of jesus

this two in one bible study is designed to help you master the fundamentals of the christian life includes tear out memory verse cards

do you long to be more like jesus do you desire to live a holy life do you seek to answer the spirit s call but as he who called you is holy you also be holy in all your conduct because it is written be holy for i am holy 1 peter 1 15 16 if so this book was written for you unfortunately many christians are confused about what the bible teaches about living a holy life i ve had students who came from good gospel preaching churches who were not sure they even believed in what they heard called holiness either their church did not speak much about it or what they heard seemed legalistic or unattainable it

is sad that there is so much careless and sometimes contradictory teaching about this vital subject the aim of this book is to be as biblically and contextually accurate as possible in the use of words and phrases such as holy holiness sanctify the spirit filled life and entire sanctification further i seek to limit my comments to what the scriptures actually affirm i do not attempt to answer every question that can be raised when talking about the biblical doctrine of sanctification rather i seek to affirm what scriptures affirm and leave unsaid what scriptures do not say i think any reader of scripture will agree that god does command christians to be holy the burning question is what does god mean when he commands us to be holy this book is an attempt to answer that question

the progression of christ contains 30 lessons to help grow christians the first progression getting personal with christ teaches without christ there would be no salvation or christians acts 4 12 neither is there salvation in any other for there is none other name under heaven given among men whereby we must be saved the love and sacrifice of christ allows a personal relationship to once again flourish between god and us the second progression growing perfection with christ shows the christian that maturing in christ is necessary hebrews 6 1 let us go on unto perfection til we all come in the unity of the faith and of the knowledge of the son of god ephesians 4 13 we must make continued and steady advancement in our christian lives by growing spiritually the third progression going preaching with christ is presented because we are all called to be ambassadors for christ 2nd corinthians 5 20 esv we are ambassadors for christ god making his appeal through us all christians are called to spread the gospel message of christ jesus without these three progressions of christ in our lives we cannot be saved or please god or glorify him 2nd corinthians 6 20 for ye are bought with a price therefore glorify god in your body and in your spirit which are god s this book teaches how to be made alive in christ why pursuing perfection keeps us in god s will and we must proclaim the gospel in we have this ministry

the word theology at its most basic definition means words about god we are all theologians since we all talk about god we all have a theology and it s either good or bad good theology is the system of roots that keeps our tree of faith vibrant and alive it keeps us grounded centered and yet growing and when we are rooted we won t remain stagnant in rooted medders and smith make theology practical for christians who want to grow in their faith rooted covers the most basic and crucial areas of theology the trinity scripture redemption in christ and eternity the authors bring the deeper things of god to light but without the complexities often associated with theological works whether you read this book on your own or with a group with friends you will have a better understanding of theology and why it matters for your life
