the group of papers presented in this volume represents ten years of involvement of a group of eight core therapists working originally with approximately forty families who suffered the loss of husbands and fathers on september 11 2001 the project focuses on the families of women who were pregnant and widowed in the disaster or of women who were widowed with an infant born in the previous year this book maps the support and services provided without

cost to the families by the primary prevention project the september 11 2001 mothers infants and young children project organised by a highly trained group of therapists specialising in adult child mother infant and family treatment as well as in nonverbal communication the demands of the crisis led these therapists to expand on their psychoanalytic training fostering new approaches to meeting the needs of these families they sought out these families offering support groups for mothers and their infants and young children in the mothers own neighbourhoods they also brought the families to mother child videotaped play sessions at the new york state psychiatric institute at columbia university followed by video feedback and consultation sessions in 2011 marking the 10th anniversary of the world trade center tragedy the project continues to provide services without cost for these mothers who lost their husbands for their infants who are now approximately ten years old and for the siblings of these children this book was originally published as a special issue of the journal of infant child and adolescent psychotherapy

designed as a text for both graduate and undergraduate students this book originally published in 1995 presents an intrapsychic explanation of human behaviour concepts based on psychological processes and structures within the mind in this context a unique treatment of personality theory is introduced it focuses on freud kelly and angyal freud s psychoanalytic theory of personality based on desires kelly s personal construct theory for thinking and angyal s holistic concepts of personality each theory is given a detailed analysis in separate chapters freud s psychoanalytic theory is cast as a theory of motivation kelly s personal construct theory as a theory of cognition and then it is noted that there is no comprehensive theory of personality based on emotion although angyal s holistic theory is rarely described in modern textbooks lester includes this because none of the other holistic theorists rival angyal in their range of hypothetical constructs or descriptive terms then in sections dealing with alternative viewpoints the author shows how other personality theorists actually endorse and expand upon the ideas expressed by the aforementioned three albeit with different terminology recognizing the diversity of holistic views in theories of personality several counterpoint chapters are devoted to the holistic ideas lester separates these into three major areas theorists who have focused on the split in the mind between the real and ideal self recent theorists who explore the possibility that the mind is a multiplicity of selves and theorists who though not having their viewpoints sufficiently articulated in the literature are still well established in

the history of psychology other features include a presentation of the material in modern viewpoints instead of the precise and perhaps outdated style as written by the individual theorists and boxed highlights in each section providing students with practical capsule information for easy reading
