for most adults development is a process we associate with external specialists our parents teachers lecturers and trainers people who have provided us with the stimuli to develop few of us feel we are competent to undertake personal development on our own 675 ways to develop yourself and your people offers individuals an alphabet of opportunities for learning in the workplace the manual recognizes that development at work involves our mind our body and our spirit and provides strategies and techniques that anyone can adopt by providing a set of 50 individual learning opportunities and processes from achieving ambitions with goal setting to working with gender differences laurel alexander offers you the swiss cheese approach bore a hole at a time and there are soon more holes than cheese to what can otherwise seem too big a task to even begin identify the ideas with which you have greatest empathy or where you see the greatest need or simply tackle an opportunity a week however you choose to approach the process you ll soon be taking control of your own development with all of the benefits in terms of increased self awareness self esteem skill and confidence that this will bring to help you make the most of each learning opportunity the manual provides you with over 600 ideas techniques and activities for example individual tasks and reflections to help make the learning real activities questions and ideas for working with others so that you can learn with and from your colleagues questions and exercises for use with a mentor collections of group activities role plays and projects for you to help facilitate the development process in others and internet links as a springboard to learning opportunities beyond your workplace this is truly a holistic collection of resources for developing yourself and those around you laurel alexander helps you to engage your multiple intelligences spirituality physicality personal and work values and to open your eyes to all of the opportunities you face during your daily work for developing your skills whatever your

starting point here is a blueprint for developing the competence and confidence to turn each of us into our own self development specialist

the public outcry for a return to moral education in our schools has raised more dust than it s dispelled building upon his provocative ideas in on becoming responsible michael pritchard clears the air with a sensible plan for promoting our children s moral education through the teaching of reasonableness pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community in such an environment children learn to work together to listen to one another to build on one another s ideas to probe assumptions and different perspectives and ultimately to think for themselves advocating approaches to moral education that avoid mindless indoctrination and timid relativism pritchard neither preaches nor hides behind abstractions he makes liberal use of actual classroom dialogues to illustrate children s remarkable capacity to engage in reasonable conversation about moral concepts involving fairness cheating loyalty truth telling lying making and keeping promises obedience character and responsibility he also links such discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers the result is a rich and insightful work that provides real hope for the future of our children and their moral education

in developing countries labour markets play a central role in determining economic and social progress since employment status is one of the key determinants of exiting poverty and promoting inclusion yet the reality in most developing countries is that the labour market fails to create the jobs in the formal economy that would help individuals and their families prosper in recognition of these challenges governments and other stakeholders in developing countries have increasingly prioritised policies and programmes to promote decent work however this requires navigating a range of complex issues and debates surrounding the linkages between development processes and labour market outcomes this volume consists of three main thematic parts part i provides a broad overview of key issues including characterising the employment challenge in developing countries and the link between economic growth distribution poverty and employment drawing on the literature and country examples part ii analyses the specific topics of wages migration and education the final section shifts to a more normative focus addressing labour market institutions and policies along with systematic approaches to quantifying labour markets in developing countries perspectives on labour economics for development is an invaluable reference for policy makers in middle and low income countries as well as an ideal handbook for teachers and students of economics and development

moving beyond previous scholarship he gives us a locke as much concerned with the effective functioning of government as with the roots of its moral legitimacy book jacket

vols 1 26 include a supplement the university pulpit vols 1 26 no 1 661 which has separate pagination but is indexed in the main vol
