appropriately epic and consistently erudite yet accessible for lay readers kirkus starred review based on extensive scholarship an innovative biography of the central text of islam over a billion copies of the qur an exist yet it remains an enigma its classical arabic language resists simple translation and its non linear style of abstract musings defies categorization moreover those who champion its sanctity and compete to claim its mantle offer widely diverging interpretations of its core message at times with explosive results building on his intimate portrait of the qur an s prophet in muhammad the world changer mohamad jebara returns with a vivid profile of the book itself while viewed in retrospect as the grand scripture of triumphant empires jebara reveals how the qur an unfolded over 22 years amidst intense

persecution suffering and loneliness the life of the qur an recounts this vivid drama as a biography examining the book s obscured heritage complex revelation and contested legacy the qur an re emerges with clarity as a dynamic life force that seeks to inspire human beings to unleash their dormant potential despite often overwhelming odds in order to transform themselves and the world

this book offers explanations to misconceived notions in the minds of some people about verses words and phrases of the quran an essential clear understanding is imperative to imbibe the ideologies propounded by the authors and rightful owners of books containing the said ideology here the ideology known as islam has its author as the creator and his prophets any misunderstanding and misconceptions about the contents of the book by men would lead them to a disastrous end in their hereafter life this compilation of explanations for the words phrases and verses of the quran by the tamil islamic scholar widely known as pj is unique and challenges some preconceived ill conceived notions of established traditional thinking deeply seated in the minds of muslims all over the world and in tamil muslims in particular may the almighty bless all those who are rightly guide by him

the most precious freedom of man which is vital for the purpose of enabling him to achieve the object of his life on earth is the freedom of conscience which includes freedom to profess practise propagate and should his conscience so impel him to change his religion islam is the one religion whose scripture guarantees freedom of conscience and belief in express and emphatic terms this freedom is so repeatedly affirmed in the holy quran with such a wealth of illustration and exposition that it does not leave the slightest room for any doubt on the matter this is one of the many outstanding proofs of the truth of islam unfortunately a section of the so called orthodox muslim divines have progressively adopted the position that though islam does not permit any kind of pressure or coercion in its propagation and that no one can under any circumstances be forced or compelled to profess islam yet a professing muslim should he cease to have faith in islam would not be free to affirm that he no longer believes in islam should he do so he would forfeit his life this is a notion which is utterly abhorrent to islam and indeed to human conscience also it renders altogether nugatory the freedom of conscience and belief that is so emphatically guaranteed by islam and is contradictory of it if the position on this question were that which these misguided divines seek to uphold islam would be guilty of promoting hypocrisy and would not be a true religion this small booklet endeavours to carry out an examination of this question from every possible angle within a brief compass so as to set at rest any doubt or suspicion on the teaching of islam in this respect unless
