presidential candidates are a breed apart often propelled by traits that have shaped their careers and have deep roots in personal histories often their greatest strength can turn at supernova speed into their greatest weakness the exact qualities that set them apart from the field trip them up eventually over the long haul of a presidential campaign rand paul s ability to sell himself as the most libertarian of the presidential candidates defending civil liberties at home and opposing military adventurism and nation building abroad is what can set him apart but those unconventional ideas could also box him in libertarians don t win national elections unless you count thomas jefferson in 1800 and 1804 in this series of ebooks the washington post is exploring in depth all these key characteristics of the leading presidential contenders the very characteristics that could help make one of them the country s next commander in chief or forever sink their presidential ambitions

senator rand paul was on to anthony fauci from the start wielding previously unimaginable power fauci misled the country about the origins of the covid pandemic and shut down scientific dissent one of the few leaders who dared to challenge america's doctor was senator rand paul himself a physician deception is his indictment of the catastrophic failures of the public health bureaucracy during the pandemic senator paul presents the evidence that the covid virus was likely the product of gain of function research at the wuhan lab in china research funded in part by the u s government taxpayer dollars for that research were deceptively funneled to wuhan without the required regulatory review fauci and his scientific yes men knew from day one about covid's origin and tried to cover it up fauci and his allies ruthlessly attacked everyone including highly qualified scientists who threatened to reveal the truth about the pandemic why hundreds of millions of dollars of grants and unreported royalties were at stake and heads would roll if the truth got out it almost worked at fauci's insistence the government imposed needlessly extreme lockdowns on americans at the cost of immense personal and economic destruction covid 19 was deadly but the real killer was the coverup led by america's most durable medical bureaucrat a man for whom the truth was too often expendable senator paul makes a powerful case that funding dangerous bioengineering in a totalitarian country is madness if we don't heed this warning the next pandemic could be far worse

the drone debate offers a thorough investigation of the where why how and when of the u s's use of uavs beginning with a historical overview of the use of drones in warfare it then addresses whether targeted killing operations are strategically wise whether they are permissible under international law and the related ethical issues it also looks at the political factors behind the use of drones including domestic and global attitudes toward their use and potential issues of proliferation and escalation finally the use of drones by other countries such as israel and china is examined each chapter features a case study that highlights particular incidents and patterns of operation in specific regions including yemen somalia pakistan and libya and strike types signature strikes personality strikes etc

what are the real differences between the democrats and the republicans on major economic issues that influence the character and vitality of the american economy this volume answers this question in a thorough nonpartisan and evenhanded fashion both the democratic and republican parties proclaim that they have the best interests of the nation and its people at heart both are also adamant that they have the best proposals and positions on economic policies including taxation spending priorities wages business regulation and other influences on economic growth and household finances this volume carefully examines the two parties' respective policies providing a detailed yet readable and understandable look at how the parties agree disagree and find compromise on the broad range of problems and issues

facing american society in the 21st century each entry includes an infographic that offers bulleted at a glance summaries of the two parties positions on each issue today an issue overview providing basic definitions and background for understanding the debate on each issue and a main entry that explains prevailing party sentiments the diversity of opinion within each party and the shifts in party position on that issue over time selected entries also feature informative sidebars that supply additional content such as primary documents that showcase the viewpoints of key political figures and institutions or biographical profiles of individuals who have helped shape their party s policies on the issue in question

political scientist robert g kaufman argues that barack obama has articulated a clear consistent national security policy and has pursued it with remarkable fidelity yet kaufman contends that president obama has imprudently abandoned the muscular internationalism that has marked us foreign policy since the end of world war ii

the scribner writers series has set the standard for literary reference for more than 25 years in addition to addressing the lives and careers of important writers the articles discuss the themes and a styles of major works and place them in pertinent historical social and political concerns for today s readers novelists playwrights essayists poets short story writers and more recently genre writers in science fiction and mystery are all expertly discussed in the more than 17 sets comprising this series to see listings of writers for any volume in this section go to the scribner writers series section online at gale com scribners j k rowling peter straub anne mccaffrey these are among the many widely read authors in fantasy and horror genres covered in this addition to scribner s 1985 two volume set essays written by scholars yet accessible to the general reader and student treat both writers who have risen to prominence since the 1985 edition and those whose careers have continued since original coverage such as stephen king ursula k leguin and harlan ellison the index cumulates the index from the first two volumes

senator rand paul leading national politician and 2016 presidential candidate presents his vision for america from his electrifying thirteen hour filibuster against administration orchestrated drone strikes against u s citizens to leading the discourse on criminal justice senator rand paul has taken washington by storm his outreach to this country s minority communities alone championing reforms of mandatory minimum sentencing school choice and the creation of enterprise zones for economically depressed areas distinguishes him as a politician and republican the likes of which are rarely seen what lies ahead is senator paul s plan for america where lower taxes and smaller government empower a muscular and expansive middle class an america that doesn t engage in nation building or fight wars where the best outcome is stalemate an america that believes in constitutionally protected

liberty and the separation of powers

this national bestselling account of bill barr s tenure as trump s attorney general is essential reading for all who cherish the rule of law in america george conway written with all the color and pacing of a legal thriller variety this book by a former federal prosecutor and cnn senior legal analyst exposes william barr as the most corrupt attorney general in modern u s history elie honig draws on his own experience as a prosecutor at doj to show how as america s top law enforcement official barr repeatedly violated the department s written rules and those vital unwritten norms and principles that comprise the prosecutor s code resulting in an unprecedented abuse of power barr he states was corrupt from the beginning his first act as ag was to distort the findings of special counsel robert mueller earning a public rebuke for his dishonesty from mueller himself and later from a federal judge then barr tried to manipulate the law to squash a whistleblower s complaint about trump s dealings with ukraine the report that eventually led to trump s first impeachment he later intervened to undermine his own doj prosecutors on the cases of trump allies michael flynn and roger stone and fired the u s attorney for the southern district of new york under false pretenses finally barr amplified baseless theories about massive mail in ballot fraud pouring gasoline on the dumpster fire battle over the 2020 election results and contributing to the january 6 insurrection that led to trump s second impeachment in hatchet man honig proves that barr trampled the two core virtues that have long defined the doj and its mission credibility and independence and explains what we must do to prevent this from ever happening again indicts barr for treating his role as that of a personal enforcer for the president rather than the leader of an independent justice department for readers looking for an accessible overview of barr s time as attorney general or dizzied by the sheer volume of scandals that took place during the trump presidency honig provides a useful rundown the washington post a comprehensive indictment of one of the most controversial figures of the trump administration publishers weekly a resounding excoriation of an unquestionably corrupt operator kirkus reviews

dr rand paul is the son of former presidential candidate and intellectual godfather of the tea party ron paul and considered in many circles to be the republican s nominee for president during the 2016 elections though his short time as the senator of kentucky hasn t been without some controversy dr paul has made an indelible mark on politics
