diploma thesis from the year 2007 in the subject business economics marketing corporate communication crm market research social media grade 1 7 university of mannheim lehrstuhl f r allgemeine bwl und marketing i 338 entries in the bibliography language english abstract no other electronic medium in fact no other medium at all has become a mass medium as fast as the internet did at the beginning of 2008 there were more than 1 3 billion users online which accounts for roughly one fifth of the world population historically the internet has been conceptualized as a means of communication realizing its potential however it was soon used for commercial purposes as well in addition to that there is a third major area that has long been a major pillar of internet usage content much of the tremendous growth of the internet over the past decade can be explained by the fact that apart from fees for the usage of bandwidth content and other services on the internet have usually been offered for free typically financed by revenues from online advertising faced with the burst of the internet bubble and the sales from internet advertising breaking away however online companies started looking for alternative ways of generating revenues one

of the most obvious options was to start charging consumers directly for the content offered to them which was a rather significant paradigm shift the picture emerging today is twofold on the one hand online consumers who have grown accustomed to free services and content find the prospect of having to pay for those rather appalling on the other hand there is evidence that there is at least some degree of willingness to pay for digital content among online consumers these controversial findings show that there is still a lot to be learned about business models pricing strategies and consumer attitudes towards paid content it seems as if online consumers are definitely willing to pay for content

this thorough multi jurisdictional treatment of the law affecting e commerce is designed specifically for legal counsel and multi national corporations it is the definitive source of information on the diverse jurisdictions into which the internet takes their companies and clients expert commentary supplied by top flight local firms makes it a dependable source for current information on this dynamic topic key issues analyzed include dt online contract formation dt online privacy dt defamation and online content dt competition law dt internet regulation of banking gaming and securities dt forming and funding online business dt electronic transactions
