this second volume in this set of books discusses various sustainable approaches in textiles and the fashion sector with a focus on consumerism and the supply chain sustainability is one of the important aspects in today s industrial context and is no exception to textiles

and fashion sustainability and strict adherence to the principles of sustainability has become as one of the essential needs again for any industrial sector including textiles and fashion there are countless measures in terms of various approaches to make the textiles and fashion sector sustainable these measures but not limited to ranging from innovating and implementing new fibres and raw materials introducing innovative manufacturing methods chemicals processes to focus on all the possible stages of a textile product's life cycle from cradle to grave these approaches include making the textiles and fashion sector circular and also development of new products from sustainable raw materials processes or combination of both

this book provides a wide landscape for recycling and product lifetime management in the textile and fashion sector through this approach the book attempts to deepen the understanding of the sustainability transformation which is currently desperately needed but also already happening in the design manufacture consumption and recycling of textiles and garments the textile and garment recycling and redefining product lifetimes of this transformation are at the core of the new understanding of sustainability an accessible and compelling read recycling and lifetime management in the textile and fashion sector will appeal to students scholars professionals policy makers and industry practitioners

newly available in paperback this major contribution to cultural history is a study of dress in france in the seventeenth and eighteenth centuries daniel roche discusses general approaches to the history of dress locates the subject within current french historiography and uses a large sample of inventories to explore the differences between the various social classes in the amount they spent and the kind of clothes they wore his essential argument is that there was a vestimentary revolution in the later eighteenth century as all sections of the population became caught up in the world of fashion and fast moving consumption

catherine a story was the first full length work of fiction produced by william makepeace thackeray it first appeared in serialized installments in fraser's magazine between may 1839 and february 1840 as a satire on the popular newgate school of crime fiction based on the life of catherine hayes an eighteenth century criminal who was burned at the stake in 1726 for murdering her husband thackeray developed a sneaking kindness for his heroine and the novel made catherine and her roguish companions seem rather appealing which was far from the authors intention
