some of the hardest and most enduring lessons are learned on the field but they don't have to stay there in how to succeed in the game of life 34 interviews with the world's greatest coaches christian klemash collects the practical wisdom and uplifting stories from the best teams and their coaches showing how determination and belief in oneself can guide your life for two years klemash tirelessly tracked down the nation's top coaches from the college professional and olympic levels to record their philosophies on life both on and off the field what resulted was a book that distills the discipline and never give up attitude of the world's finest athletes into an inspiring easy to read collection from the hearts and minds of legendary coaches such as john wooden joe torre bill cowher tony dungy and red auerbach christian klemash reveals how these winners have made athletes from all walks of life into legends in their own right these same lessons promise everyday people success through hard work and dedication filled with character stories of triumph and indomitable spirit this book is sure to inspire anyone who will not accept second best

student success validates what we teachers do yet not all students succeed many give up helplessly reaching unnecessarily the end of their ropes we teachers spent years honing our craft figuring out ways to reach out to connect and to positively affect the lives of our students not only while in college but well beyond the often treacherous college years paving the student's path toward a thriving university life and a rewarding career therefore gives meaning to what we do for a living the art of learning has indeed transformed both the internet and distinct generational preferences of our students have introduced new paradigms in post secondary education whereas years ago the teacher and the local university library were the main repositories of knowledge today's students can use the internet indeed the libraries of the

entire planet to instantly locate the information they need often effortlessly from the comfort of a couch what the students want is not mere information they need and demand practical knowledge and how information is applied to be a successful teacher one must constantly experiment with new and more effective learning strategies that combine best practices in learning in this book the authors have assembled numerous strategies and techniques for academic success we have emptied our bags of tricks onto these pages we have witnessed how these strategies rejuvenate our students university experience by authoring this book we pass on to you our student the intricacies of the art of learning from the role of motivation to memory retention to the ins and outs of connecting with your teachers we have provided not only what is needed to succeed academically but also the evidence for our recommendations we offer you this book not only for us to make sense of our professional lives but also for you to make sense of yours

the preface elucidates that the text is designed for degree courses in india however i imagine that it could play a useful role for those in britain it is mainly intended as an introductory text for those studying social sciences and economics individuals from other disciplines would no doubt still find it useful as a general reference the chapters are well written and easy to follow an appealing feature of the book is that much emphasis is placed on the understanding and application of statistical methods there is avoidance of excessive presentation of formulae for these reasons alone i think that students will find the text attractive each chapter finishes with a series of well formulated questions which test the readers understanding the two chapters on statistical inference and tests of significance are excellent it is a comprehensive and interesting text one that i think most students would find useful indeed it is a useful addition to my library having already referred to it often the statistician london vol 45 no 3 1996

get wired for success shows professionals how to wire their brain for success in business and life with neuroscience made easy when dr rod irwin purchased his business for over a quarter of a million dollars he soon discovered it was making a loss with no training in business management he plunged on but eight years later he was over one million dollars in debt it
