previous edition published with tom dowd as primary author

this book offers a broad overview of transition practices for incarcerated youth shaped by local culture politics ideologies and philosophies it highlights the similarities and differences in international approaches as well as promising practices the book is divided into two sections section one presents a synthesis of the current research on essential areas shown to promote successful transitions for incarcerated youth using the taxonomy for transition programming 2 0 as a cohesive framework section two focuses on national perspectives on topical issues impacting local transition practices and or policy it provides information pertaining to the respective countries and a summary of key facets of their juvenile justice system including successful or promising approaches and programs used in transition this book benefits academics and researchers from a broad range of fields policy makers and leadership teams from various agencies associations and government departments with an interest in juvenile and youth justice social work and special education courses on transition planning

this is an open access book the integration of blue green economy business for sustainability

a complete reference to the fields of psychology and behavioral science volume 4 is the final volume in the corsini encyclopedia of psychology and behavioral science series providing psychologists teachers researchers and students with complete reference for over 1 200 topics across four volumes this resource is invaluable for both clinical and research settings coverage includes conditions assessments scales diagnoses treatments and more including biographies on psychologists of note and psychological organizations from across the globe the third edition has been updated to reflect the growing impact of neuroscience and biomedical research providing a highly relevant reference for the highest standard of care

this open access volume critically reviews a diverse body of scholarship and practice that informs the conceptualization curriculum teaching and measurement of life skills in education settings around the world it discusses life skills as they are implemented in schools and non formal education providing both qualitative and quantitative evidence of when with whom and how life skills do or do not impact young women s and men s lives in various contexts specifically it examines the nature and importance of life skills and how they are taught it looks at the synergies and differences between life skills educational programmes and the way in which they promote social and emotional learning vocational education and health and sexuality education finally it explores how life skills may be better incorporated into education and how such education can address structures and relations of power to help youth achieve desired future outcomes and goals set out in the sustainable development goals sdgs life skills education has gained considerable attention by education policymakers researchers and educators as being the sine qua non for later achievements in life it is nearly ubiquitous in global and national education policies including the sdgs because life skills are regarded as essential for a diverse set of purposes reducing poverty achieving gender equality promoting economic growth addressing climate change fostering peace and global citizenship and creating sustainable and healthy communities yet to achieve these broad goals questions persist as to which life skills are important who needs to learn them how they can be taught and how they are best measured this book

addresses these questions

this book assesses the progress in the implementation of sustainable development goals sdgs in asean india and china using the above framework conditions in the context with three main propositions first translating the sdgs into regional economic integration strategies during the pandemic recovery can enhance the link between global objectives and the multifaceted reality of an asean community building process and providing a strategic option to strengthen the regional approaches secondly a regional approach on complementarities to sdgs can facilitate the definition of relevant targets indicators and enhance the monitoring and evaluation framework in so doing it could also offer the scope to integrate more closely asean community s social and environmental concerns into existing economic social and political frameworks thirdly focusing just on the geo economic sphere the area where south east and east asian economic integration is relatively more advanced will prove the hypothesis that effective regional integration through mega trade agreements such as the regional comprehensive economic partnership rcep can support the asia s transformation agenda and foster more inclusive and sustainable growth
