this book is based on some 1400 individuals who lived in three northern english towns during the later middle ages it analyses the many aspects of merchant society visible to the historian achievements in politics attitudes towards religion the family wider circles of friends and business acquaintances and the nature and conduct of trade at every level merchants were at the core of urban society accumulating more wealth than most other townsfolk and developing a distinctive outlook and entrepreneurship in response to the opportunities and pressures of long distance trade they played a central role in the development of urban mentalité using political rhetoric to promote a corporatist view of urban society while their spending on charity on public works and on religious observance shaped social attitudes

traders around the world use particular spoken argots to guard commercial secrets or to cement their identity as members of a certain group the written registers of traders too in correspondence and other commercial texts show significant differences from the language used in official legal or private writing this volume suggests a clear cross linguistic tendency that mercantile writing displays a greater degree of language mixing code switching and linguistic innovations and by setting precedents promote language change this interdisciplinary volume aims to place the traders languages within a wider sociolinguistic context questions addressed include what differences can be observed between mercantile registers and those of court or legal scribes do the traders texts show the early emergence of features that take longer to permeate into the higher varieties of the same language do they anticipate language change in the standard register or influence it by setting linguistic precedents what sets traders letters apart from private correspondence and other low registers the book will also examine bilingualism semi bilingualism reasons for code switching and the choice of particular languages over others in commercial correspondence

offering snapshots of mercantile devotion to saints in different regions this volume is the first to ask explicitly how merchants invoked saints and why despite medieval and modern stereotypes of merchants as godless and avaricious medieval traders were highly devout and rightly so overseas trade was dangerous and merchants commercial activities were seen as jeopardizing their souls merchants turned to saints for protection and succor identifying those most likely to preserve their goods families reputations and souls the essays in this collection written from diverse angles range across later medieval western europe from spain to italy to england and the hanseatic league they offer a multi disciplinary examination of the ways that medieval merchants from petty traders to influential overseas wholesalers deployed the cults of saints three primary themes are addressed danger community and the unity of spiritual and cultural capital each of these themes allows the international panel of contributors to demonstrate the significant role of saints in mercantile life this book is unique in its exploration of saints and commerce shedding light on the everyday role religion played in medieval life as such it will be of keen interest to scholars of religious history medieval history art history and literature

for the first time the merchant of venice looks at the place and role of the late medieval merchant nobility in the great international trade that took place in the world known at the time from china and asia to flanders and england these merchants who travelled the world were also shipowners sailors and bankers they used modern banking techniques and credit based on bills of exchange held no secrets for them they traded spices porcelain cotton and silk dyes and glassware for drapery wool and metals these merchants used part of their profit to embellish their city which amazed foreign visitors and were always on the lookout for the latest discoveries and inventions venice was at the height of its power at the time but it was also on the eve of its weakening

this volume of translated source materials from the late roman empire to the mid 15th century introduces students to the diversity of medieval culture covering all aspects of medieval life social religious economic intellectual institutional
