first published in 1998 routledge is an imprint of taylor francis an informa company

the early years handbook for students and practitioners is a comprehensive and accessible course text for all students studying at levels 4 and 5 including on foundation degrees and early childhood studies degrees designed and written by the chair of the sefdey sector endorsed foundation degree in early years network and a team of expert contributors this book covers the essential skills knowledge and understanding you need to become an inspiring and effective early years practitioner divided into four parts the student practitioner professional the learning and development of children 0 5 the child family and society and the senior practitioner professional the book covers all aspects of working with young children and engages you with theory that is explicitly linked to your practice throughout there is a strong emphasis on supporting your transition to undergraduate study developing your academic skills and encouraging you to be an active learner in every chapter the book seeks to help you develop your professional identity and features activities to help you to reflect on your own practice provocations to promote discussion and debate case study examples and photographs to illustrate key points from research to practice boxes outlining key research in the field and implications for practice the book is supported by a companion website featuring for students links to useful websites and video material and an interactive flashcard glossary online support for lecturers includes ideas for tasks and activities to use in class and the diagrams and images in the book available to download

this accessible introduction to the history of early childhood education emphasises the role of history and philosophy in early childhood practice today firmly grounded in current policy from across the uk the text features a series of imagined conversations with key figures and pioneers which exemplify various philosophical positions in early childhood this second edition has been fully updated and revised in line with recent policy changes and contains new and updated biographies of key pioneers as well as three brand new conversations with historical figures the book is useful for a range of students of early childhood education or history of education from first year undergraduates to phd students it will also be incredibly valuable to early years trainee teachers practitioners and policy makers

providing a unique and critical insight into some of the most significant issues affecting early years education this book draws on current research addresses key debates and considers international perspectives topics covered include policy making poverty disadvantage and social exclusion promoting infant mental health safeguarding and well being enhancing children s potential parenting policies and skills and national strategies versus professional autonomy

the term quality is frequently used in early years practice both in professional discussions and in key policy and literature but often without question or an agreed understanding of

what quality is and as though it is an entirely unproblematic concept through a series of inspiring and thought provoking chapters this book supports you in considering and developing your own notion of quality early years practice across a broad range of key strands of early years provision from the environment to policies from work with vulnerable children and babies to curriculum and research this book helps you to construct your own idea of quality and challenges you to develop your own understanding through stimulating discussion and reflection points a key argument is that whilst there are several indicators and measures of quality there is no one universally agreed definition of quality in early years provision and hence developing your own notion of quality and working towards that with others is paramount key features include consideration of what quality looks like within a contemporary early years landscape how you might deliver quality practice when other influences might appear to hinder or contradict this reflection points to help you embed and link your learning to practice a graduated approach for a greater depth of engagement with the topic and relevant literature with each chapter written by an early years expert quality in the early years is a vital companion for those studying towards any early years qualification as well as established practitioners and leaders within the field

there are many transitions that children experience before they are five including the first major transition from home to an early years setting successive changes can have a serious impact on young children and stress separation and insecure attachments can affect not only a child's emotional health but also cognitive and intellectual development featuring new material on provision for two year olds school readiness and families and transitions this thought provoking text explains why transitions matter and provides practical guidance on how to support young children's developing emotional resilience and equip them to embrace change in the future aimed at practitioners and students this fully updated second edition draws together evidence from neuroscience attachment theory child development and childcare practices provides a context for practitioners to empathise with children and families as they relate to their own understanding of the impact of change and transition looks at ways to reduce the number of transitions including the key person approach and offers guidance and practical strategies for practitioners managers and head teachers for supporting children through transitions including case studies examples of good practice and questions for reflection understanding transitions in the early years emphasises the little things that practitioners can do for the individual children in their care helping them to feel secure and confident when dealing with change

the importance of the early years in influencing outcomes in later life has been well considered what happens to a child in their first five years of life their physical health the connections they form the resources they have access to and the early education and care they receive can have lasting impacts on their future outcomes this knowledge has led to an increased policy focus and investment in younger children especially in relation to early intervention childcare and education despite this focus children are still entering the world and growing up in circumstances where they face significant disadvantage this report highlights the critical importance of investment in the early years illustrating that disadvantage starts during pregnancy and extends through toddlerhood and in the preschool years with significant differences in child outcomes evident across various domains including mental health language development and early learning well before formal school commences the findings in this report draw out points in the first five years where evidence or data is lacking and where we need better policy responses this includes a greater emphasis on making sure all children but particularly those living in disadvantage communities have full access to services and that both location based initiatives and broader policy measures are put in place to break the cycle publisher summary ed
