michel baridon traces the history of the most famous gardens in the world from their inception through the three centuries of eventful history that they have witnessed

in seventeenth century france land took on new importance for the practice of politics and rituals of court life in her major new book chandra mukerji highlights the connections between the two seemingly disparate activities of engineering and garden design she shows how at versailles in particular the royal park showcased french skills in using nature and art to design a distinctively french landscape and create a naturalized political territoriality she challenges the association of state power with social and legal structures alone and demonstrates the importance for louis xiv and his state of a controlled physical site a demarcated french territory within the wider european geo political continent

the first book to examine how the vast gardens of versailles were used as a setting for the receptions of ambassadors heads of state and other visiting dignitaries who conducted diplomatic and political business with france

throughout the nineteenth century the gardens were maintained restored and replanted and today they are being further restored to their original state reflecting the most significant contributions made by each of the preceding periods

presents a visual recreation of the famed gardens of versaille

presents an illustrated account of the creation of one of the world s most dazzling and extensive gardens the

gardens at the palace of versailles noting the unique four decade friendship between louis xiv the creator of the garden and andre le ntre the gardener

the part of the palace of versailles spreads out from the foot of the chateau as far as the eye can see the seasons and the time of day can dramatically transform the park in a matter of day hours or even minutes

marie antoinette has been idolized as the height of eighteenth century french style and vilified as the spark that ignited the french revolution this book departs from such traditional interpretations of the infamous queen s reign and chooses to reflect on the humanistic aspects of her private realm to escape the formalities and royal obligations of louis xvi s court marie antoinette created a private realm of pleasure for herself at the petit trianon and hameau where she planted the first anglo chinese garden created a trysting grotto a working farm and revolutionized architecture and gardening trends for the century to come marie antoinette s entire private domain and its story are told in beautiful photographic detail by françois halard for the first time since its recent restoration and accompanied by well researched texts by garden expert christian duvernois

a photographic tour of the gardens of versailles throughout the four seasons that emphasizes sculptures found on the grounds
